Dialogues from Cillian Murphy & Margot Robbie – Actors and Actors to improve the vocabulary in English

1

00:00:00,090 –> 00:00:01,470

- Greta really made a meal out of the,

2

00:00:01,470 –> 00:00:03,090

hi Barbie, hi Barbie, hi Ken, hi Ken.

3

00:00:03,090 –> 00:00:04,599

You know, that whole bit.

4

00:00:04,599 –> 00:00:05,432

And then, hi Alan.

5

00:00:05,432 –> 00:00:09,330

And yeah, now people on the

street say, "Hi Barbie", a lot.

6

00:00:09,330 –> 00:00:10,290

- Probably-

- I like it.

7

00:00:10,290 —> 00:00:12,690

I'd rather people be shouting

that at me than other things.

8

00:00:12,690 —> 00:00:14,550

- This is true.

- I'll take it.

9

00:00:14,550 —> 00:00:15,758

- [Cillian] For the rest of your life.

10

00:00:15,758 —> 00:00:16,860

- For the rest of my life.

11

00:00:16,860 —> 00:00:19,943

(upbeat jazzy music)

12

00:00:22,212 —> 00:00:25,295

(upbeat jazzy music)

13

00:00:33,060 —> 00:00:35,640
- First of all, well congratulations

14
00:00:35,640 —> 00:00:39,270
on your reasonably
successful film. (laughing)

15
00:00:39,270 —> 00:00:40,860
- Congratulations to you.

16
00:00:40,860 —> 00:00:42,015
- Thank you.

17
00:00:42,015 —> 00:00:44,520
So, you're a producer
on the movie as well.

18
00:00:44,520 —> 00:00:47,850
How did you know a Barbie movie

19
00:00:47,850 —> 00:00:51,723
would connect with audiences
in the manner that it did?

20

00:00:52,800 —> 00:00:54,360

Or did you know?

21

00:00:54,360 —> 00:00:56,850

- Yeah, it's like 90% of me was certain

22

00:00:56,850 —> 00:01:00,300

that this would be a big

deal and a massive hit.

23

00:01:00,300 —> 00:01:02,190

And then like 10% of me thought,

24

00:01:02,190 —> 00:01:04,020

oh, this could go so badly wrong.

25

00:01:04,020 —> 00:01:08,730

But I went after Greta Gerwig

from the beginning to direct

26

00:01:08,730 —> 00:01:09,840

and hopefully write as well,

27
00:01:09,840 —> 00:01:11,940
and then she invited
Noah to write with her.

28
00:01:11,940 —> 00:01:13,500
Without really even consulting him,

29
00:01:13,500 —> 00:01:15,030
but it meant we got two brilliant-

30
00:01:15,030 —> 00:01:16,980
- Yeah.
- Brains on the project.

31
00:01:16,980 —> 00:01:20,430
And it really came down
to her saying yes to this.

32
00:01:20,430 —> 00:01:23,130
I had no doubt that this was gonna work,

33

00:01:23,130 —> 00:01:25,170

as soon as she said yes.

- And she was always

34

00:01:25,170 —> 00:01:27,241

your first choice then?

- Yeah, first choice.

35

00:01:27,241 —> 00:01:28,074

- [Cillian] Okay.

36

00:01:28,074 —> 00:01:29,550

- I just wasn't gonna let her say no.

37

00:01:29,550 —> 00:01:30,960

I had met her before,

38

00:01:30,960 —> 00:01:33,360

'cause I've wanted to

work with her for a while.

39

00:01:33,360 —> 00:01:34,931

You know, it was a pretty long process.

40

00:01:34,931 —> 00:01:38,040

It was about six years

ago we got the property.

41

00:01:38,040 —> 00:01:39,960

First, you know, it was set up at Sony.

42

00:01:39,960 —> 00:01:41,670

We got it outta Sony, set

it up at Warner Brothers,

43

00:01:41,670 —> 00:01:43,710

got Mattel's blessing to let us produce,

44

00:01:43,710 —> 00:01:45,150

then went after Greta.

- Okay.

45

00:01:45,150 —> 00:01:48,510

- And then it was like

the writing process and...

46

00:01:48,510 —> 00:01:51,300

Yeah, I obviously, I didn't

know it was gonna have

47

00:01:51,300 —> 00:01:52,650

the kind of-

- Yeah.

48

00:01:52,650 —> 00:01:56,250

- Be the cultural phenomenon

that it ended up being.

49

00:01:56,250 —> 00:01:58,350

- When did you realize that that was

50

00:01:58,350 —> 00:01:59,940

what it was going to be?

51

00:01:59,940 —> 00:02:02,780

- I knew there'd be big reactions to...

52

00:02:04,470 —> 00:02:05,303
All the way along I could,

53
00:02:05,303 —> 00:02:07,320
I was like, okay, I think
people are picking up

54
00:02:07,320 —> 00:02:08,970
that we're trying to do
something interesting here.

55
00:02:08,970 —> 00:02:10,560
You know, the fact that it's Greta Gerwig.

56
00:02:10,560 —> 00:02:12,420
People were like Greta
Gerwig in a Barbie movie?

57
00:02:12,420 —> 00:02:13,253
What?
- Yeah.

58
00:02:13,253 —> 00:02:14,280

- And so that was the right reaction.

59
00:02:14,280 —> 00:02:15,360
That's what I was hoping for.

60
00:02:15,360 —> 00:02:17,610
And then, you know, the
pictures of Ryan and I

61
00:02:17,610 —> 00:02:19,500
rollerblading on Venice Beach came out,

62
00:02:19,500 —> 00:02:22,410
and like went even wider
than I was expecting.

63
00:02:22,410 —> 00:02:24,330
I was like, oh, people are
gonna notice, of course.

64
00:02:24,330 —> 00:02:26,400
But it went kind of crazy,

65

00:02:26,400 —> 00:02:28,980

and it was starting to occur that,

66

00:02:28,980 —> 00:02:31,500

oh, this might even be bigger

than I'm even thinking.

67

00:02:31,500 —> 00:02:32,940

And I believe in this more than anyone.

68

00:02:32,940 —> 00:02:33,773

- Yeah, of course.

69

00:02:33,773 —> 00:02:35,207

- I'd been thinking big for it,

70

00:02:35,207 —> 00:02:38,250

and it still turned out

bigger than I expected.

71

00:02:38,250 —> 00:02:39,420

- Hey, Barbie?

- Yeah?

72

00:02:39,420 —> 00:02:40,650

- Can I come to your house tonight?

73

00:02:40,650 —> 00:02:41,490

- Sure.

74

00:02:41,490 —> 00:02:42,600

I don't have anything big planned.

75

00:02:42,600 —> 00:02:44,640

Just a giant blowout

party with all the Barbies

76

00:02:44,640 —> 00:02:46,320

and planned choreography

in a bespoke song.

77

00:02:46,320 —> 00:02:47,490

You should stop by.

78

00:02:47,490 —> 00:02:50,790
- In terms of the sort of
the version of the film

79
00:02:50,790 —> 00:02:53,640
and the adaptation or the idea of it,

80
00:02:53,640 —> 00:02:56,820
you know, were Mattel cool
with that from the beginning?

81
00:02:56,820 —> 00:02:58,920
Did you have any kind of pushback with how

82
00:03:00,120 —> 00:03:02,070
kinda radical you were trying to make or-

83
00:03:02,070 —> 00:03:03,660
- Yeah.
- What was the-

84
00:03:03,660 —> 00:03:06,960
- I mean, Mattel were

amazing to let us do this.

85
00:03:06,960 —> 00:03:09,960
And I mean, they're a
character in the film.

86
00:03:09,960 —> 00:03:11,070
- Yes.
- Which I don't think

87
00:03:11,070 —> 00:03:12,750
they were expecting at all,

88
00:03:12,750 —> 00:03:14,430
but they had no idea
until the script was done.

89
00:03:14,430 —> 00:03:17,820
So, Greta and Noah's process is to go away

90
00:03:17,820 —> 00:03:19,440
and not let anyone see the script.

91

00:03:19,440 —> 00:03:20,670

- Okay, even you?

- Until they're

92

00:03:20,670 —> 00:03:21,503

totally finished.

93

00:03:21,503 —> 00:03:22,950

No, even me.

- Wow.

94

00:03:22,950 —> 00:03:23,820

- We would kinda like,

95

00:03:23,820 —> 00:03:26,100

'cause it was COVID, so they

were writing it during COVID.

96

00:03:26,100 —> 00:03:29,160

We would do, you know,

talk over Zoom and check in

97

00:03:29,160 —> 00:03:30,540
and be like, "How you guys going?"

98
00:03:30,540 —> 00:03:31,740
And it was so fun,

99
00:03:31,740 —> 00:03:34,800
'cause you could watch
Greta and Noah like,

100
00:03:34,800 —> 00:03:36,600
you know, they're like, "Oh,
we're working on this idea."

101
00:03:36,600 —> 00:03:38,575
So they'd tell us, you know,
like "Working on this idea."

102
00:03:38,575 —> 00:03:40,651
And then they kinda like,

103
00:03:40,651 —> 00:03:41,670
you know, when you talk to a comedian,

104

00:03:41,670 —> 00:03:43,350

you can tell sometimes

they're like testing bits

105

00:03:43,350 —> 00:03:44,183

on you.

- Yeah. (laughing)

106

00:03:44,183 —> 00:03:46,380

- They kinda like test

bits with each other.

107

00:03:46,380 —> 00:03:47,842

And we would just sit and,

108

00:03:47,842 —> 00:03:50,100

Tom and I would just

sit and like watch them,

109

00:03:50,100 —> 00:03:51,277

and be like, "Yeah, yeah, yeah,

110

00:03:51,277 —> 00:03:52,507

"'cause Ken's probably, you know,

111

00:03:52,507 —> 00:03:53,783

"Ken would probably be like..."

112

00:03:53,783 —> 00:03:55,020

And you know, say something,

113

00:03:55,020 —> 00:03:56,317

and then she'd jump in and be like,

114

00:03:56,317 —> 00:03:57,570

"Yeah, it's kinda like..."

115

00:03:57,570 —> 00:03:58,440

And then before you know it,

116

00:03:58,440 —> 00:03:59,880

they're kind of writing a scene,

117

00:03:59,880 —> 00:04:01,590
but verbally and in front of you.

118
00:04:01,590 —> 00:04:03,390
And it's a fascinating process.

119
00:04:03,390 —> 00:04:05,190
And they write
chronologically, so they don't

120
00:04:05,190 —> 00:04:06,570
map something out-
- Oh, cool.

121
00:04:06,570 —> 00:04:09,270
- And then write it, which a
lot of writers obviously do,

122
00:04:09,270 —> 00:04:11,430
but they write themselves into corners

123
00:04:11,430 —> 00:04:12,480
and write themselves outta corners.

124

00:04:12,480 —> 00:04:13,710

- Yeah, like we used to do as kids.

125

00:04:13,710 —> 00:04:14,634

Just like make a story-

- Yeah.

126

00:04:14,634 —> 00:04:15,467

Yeah.

- And then, yeah.

127

00:04:15,467 —> 00:04:16,380

- And like let it unfold.

128

00:04:16,380 —> 00:04:17,940

And I think because of that,

129

00:04:17,940 —> 00:04:19,740

the story has a quality of, you know,

130

00:04:19,740 —> 00:04:22,080

you not getting too far ahead of it.

131

00:04:22,080 —> 00:04:23,160

Because they didn't know where it

132

00:04:23,160 —> 00:04:24,230

was gonna end up really.

- Yeah.

133

00:04:24,230 —> 00:04:27,780

- So it was fascinating to

kinda watch their process.

134

00:04:27,780 —> 00:04:30,750

And I think the movie is so, you know,

135

00:04:30,750 —> 00:04:33,423

amazing and original

because of that process.

136

00:04:34,440 —> 00:04:35,700

But then, yeah, it came the day

137

00:04:35,700 —> 00:04:37,620

where the script was in our inbox,

138

00:04:37,620 —> 00:04:41,310

and Tom and I sat down

on the couch to read it,

139

00:04:41,310 —> 00:04:43,473

and like even on page

one, I was just like,

140

00:04:44,737 —> 00:04:47,017

"Oh wow, okay, this is,

141

00:04:47,017 —> 00:04:49,957

"it's gonna be hard to convince

them to let us to do this,

142

00:04:49,957 —> 00:04:51,240

"but I'm loving it."

143

00:04:51,240 —> 00:04:52,890

I mean it started with

a Kubrick reference,

144

00:04:52,890 —> 00:04:55,680

like completely redoing

"2001: Space Odyssey,"

145

00:04:55,680 —> 00:04:57,517

and I was like, "Oh, I don't know

146

00:04:57,517 —> 00:04:59,160

"if this is what Mattel had in mind."

147

00:04:59,160 —> 00:05:01,311

And then by the end of

the script, you know,

148

00:05:01,311 —> 00:05:03,427

I was just like, "Wow, they're just,

149

00:05:03,427 —> 00:05:04,777

"they're never gonna let us make this.

150

00:05:04,777 —> 00:05:07,507

"It's such a shame that this

brilliant piece of writing

151

00:05:07,507 —> 00:05:08,887

"will never see the light of day,

152

00:05:08,887 —> 00:05:11,847

"'cause they're never

gonna let us make this."

153

00:05:13,020 —> 00:05:15,960

And they did, thank God, and

a massive credit to them.

154

00:05:15,960 —> 00:05:17,910

But it was a lot of conversations

155

00:05:17,910 —> 00:05:20,130

about getting them comfortable

156

00:05:20,130 —> 00:05:22,500

with being very, very, very uncomfortable.

157

00:05:22,500 —> 00:05:24,233

- So they had a sense of humor.

158

00:05:24,233 —> 00:05:25,413

- They did.

- Yeah.

159

00:05:25,413 —> 00:05:27,150

- And, you know, Mattel,

160

00:05:27,150 —> 00:05:29,201

they're a toy company and they

haven't made a movie before.

161

00:05:29,201 —> 00:05:30,034

- Yeah.

- So there's also like

162

00:05:30,034 —> 00:05:31,707

a educational process of like,

163

00:05:31,707 —> 00:05:34,260

oh, okay, this is what

you're reading on the page.

164

00:05:34,260 —> 00:05:35,580

It took a second for me to realize

165

00:05:35,580 —> 00:05:37,350

that some of their

concerns could be assuaged

166

00:05:37,350 —> 00:05:38,183

just by explaining the process of-

167

00:05:38,183 —> 00:05:39,780

- Yeah, yeah, yeah.

168

00:05:39,780 —> 00:05:40,747

- You know, for some things they're like,

169

00:05:40,747 —> 00:05:42,450

"But Barbie's saying this."

170

00:05:42,450 —> 00:05:44,260

And I'd be like, "Okay, but

this is how I'm gonna do it."

171

00:05:44,260 —> 00:05:45,390

- Yeah.

- And then I'd say it,

172

00:05:45,390 —> 00:05:46,223

and they're like, "Oh."

173

00:05:46,223 —> 00:05:48,277

And I'm like, "See how

my, my face is telling you

174

00:05:48,277 —> 00:05:49,110

"that I don't think that."

175

00:05:49,110 —> 00:05:49,987

- Okay.

- "But the words

176

00:05:49,987 —> 00:05:51,720

"are saying that."

- Yeah, yeah, yeah.

177

00:05:51,720 —> 00:05:53,880

But that's subtext, and there's

subtext all through that.

178

00:05:53,880 —> 00:05:56,160

You know, and they'll be like, "Oh, okay."

179

00:05:56,160 —> 00:05:58,227

And then still there's some

jokes where they're just like,

180

00:05:58,227 —> 00:06:00,641

"Do we have to use the word fascist?"

181

00:06:00,641 —> 00:06:02,405

(Cillian laughing)

182

00:06:02,405 —> 00:06:05,640

Do we need that bit where

Mattel employee gets shot?

183

00:06:05,640 —> 00:06:06,473

Do they have to be shot?

184

00:06:06,473 —> 00:06:07,680

You know, we're like, "Yeah."

185

00:06:07,680 —> 00:06:09,990

So there were certain jokes,

186

00:06:09,990 —> 00:06:14,990

and I was so prepared to

like fight for certain jokes,

187

00:06:15,150 —> 00:06:16,563

and then like, you know, to explain like,

188

00:06:16,563 —> 00:06:18,037

"Oh, we have to have that joke

189

00:06:18,037 —> 00:06:20,618
"because of this and this and this."

190
00:06:20,618 —> 00:06:24,210
And some of them they're
just like, "We're fine with."

191
00:06:24,210 —> 00:06:25,380
And then other jokes I didn't think

192
00:06:25,380 —> 00:06:26,772
they'd have a problem with, you know?

193
00:06:26,772 —> 00:06:28,470
But it was never a case of, oh,

194
00:06:28,470 —> 00:06:29,880
they didn't like that so let's cut it.

195
00:06:29,880 —> 00:06:32,700
It was, no, no, no, we need to explain why

196

00:06:32,700 —> 00:06:34,260
we think that should be in.
- Yeah.

197
00:06:34,260 —> 00:06:35,910
- And get everyone, like I said,

198
00:06:35,910 —> 00:06:39,056
comfortable with being uncomfortable.

199
00:06:39,056 —> 00:06:42,723
("Also Sprach Zarathustra")

200
00:06:49,650 —> 00:06:51,820
Did you think so many people were gonna

201
00:06:52,830 —> 00:06:56,386
watch a movie about the
making of the atomic bomb?

202
00:06:56,386 —> 00:06:58,350
(Cillian laughing)

203

00:06:58,350 —> 00:07:01,920

- No, Christopher Nolan

was always determined

204

00:07:01,920 —> 00:07:03,960

that it would be released in the summer

205

00:07:03,960 —> 00:07:05,400

as a big tent-pole movie.

206

00:07:05,400 —> 00:07:06,480

That was always his plan.

207

00:07:06,480 —> 00:07:11,100

And he has this kind of

superstition around that date.

208

00:07:11,100 —> 00:07:12,047

The 21st.

- Do all his movies

209

00:07:12,047 —> 00:07:13,038

come out on that date?

210

00:07:13,038 —> 00:07:14,700

- In and around the 21st of July.

211

00:07:14,700 —> 00:07:16,380

Or it could be always the 21st.

212

00:07:16,380 —> 00:07:18,840

So, they always come out then.

213

00:07:18,840 —> 00:07:20,763

- I mean, it's a good date.

- It's a good day.

214

00:07:20,763 —> 00:07:21,596

It is now.

- We picked that day, too.

215

00:07:21,596 —> 00:07:22,429

- Yeah, I know. (laughing)

216

00:07:22,429 —> 00:07:24,420
- I remember one of your producers,

217
00:07:24,420 —> 00:07:26,850
Chuck Roven, called me,
'cause we worked together

218
00:07:26,850 —> 00:07:28,264
on some other projects.
- Okay.

219
00:07:28,264 —> 00:07:30,210
- And he was like, "I think you
guys should move your date."

220
00:07:30,210 —> 00:07:31,897
And I was like, "We're
not moving our date.

221
00:07:31,897 —> 00:07:33,397
"If you're scared to be up against us,

222
00:07:33,397 —> 00:07:34,320

"then you move your date."

223

00:07:34,320 —> 00:07:35,347

And he's like, "We're not moving our date.

224

00:07:35,347 —> 00:07:36,630

"I just think it'd be

better for you to move."

225

00:07:36,630 —> 00:07:37,777

And I was like, "We're not moving.

226

00:07:37,777 —> 00:07:40,770

"I think this is a really

great pairing, actually.

227

00:07:40,770 —> 00:07:42,750

I think it's like-

- Well-

228

00:07:42,750 —> 00:07:44,880

- It's a perfect double billing,

"Oppenheimer" and "Barbie."

229

00:07:44,880 —> 00:07:46,427

- That was a good instinct.

230

00:07:46,427 —> 00:07:47,610

(Margot and Cillian laughing)

231

00:07:47,610 —> 00:07:49,140

- Clearly the world agreed.

232

00:07:49,140 —> 00:07:51,226

- Yeah, they did.

- Thank God.

233

00:07:51,226 —> 00:07:53,340

- But I think that both of these films

234

00:07:53,340 —> 00:07:58,340

show the appetite that the

audience has for cinema.

235

00:07:59,580 —> 00:08:00,960

- I'm always like, you know,

236
00:08:00,960 —> 00:08:02,250
everyone talks about the algorithm.

237
00:08:02,250 —> 00:08:04,980
I'm like, yeah, how on earth
is an algorithm tracking me,

238
00:08:04,980 —> 00:08:07,380
because I have such an eclectic taste.

239
00:08:07,380 —> 00:08:10,200
If you look, you'd be like,
wow, she's going from,

240
00:08:10,200 —> 00:08:12,330
you know, that black and white film

241
00:08:12,330 —> 00:08:13,740
from the 20s to "Love Island,"

242

00:08:13,740 —> 00:08:15,360
so like, what box do I put her in?

243
00:08:15,360 —> 00:08:16,193
- Yeah.
- Same thing.

244
00:08:16,193 —> 00:08:17,490
But the fact that people were going

245
00:08:17,490 —> 00:08:18,900
and being like, "I'll
watch 'Oppenheimer' first,

246
00:08:18,900 —> 00:08:19,740
then 'Barbie,'" I was like,

247
00:08:19,740 —> 00:08:21,903
see, you don't, people like everything.

248
00:08:22,920 —> 00:08:23,753
People are weird.

249

00:08:23,753 —> 00:08:26,010

- People have specific-

- Yeah.

250

00:08:26,010 —> 00:08:27,570

and wide-ranging tastes.

251

00:08:27,570 —> 00:08:29,340

- And they don't like

being told what to do.

252

00:08:29,340 —> 00:08:30,750

- Yeah.

- Audiences don't like

253

00:08:30,750 —> 00:08:32,520

being told, "You should see

this or you should see that."

254

00:08:32,520 —> 00:08:33,353

They will decide

255

00:08:33,353 —> 00:08:34,920
and they will generate
the interest themselves.

256
00:08:34,920 —> 00:08:37,830
And I think what happened
with both of our movies

257
00:08:37,830 —> 00:08:39,300
was a case in point of that,

258
00:08:39,300 —> 00:08:41,550
that the audience decided, you know,

259
00:08:41,550 —> 00:08:43,350
that this was correct and this was right.

260
00:08:43,350 —> 00:08:45,840
- I think they were also really
excited by the filmmakers.

261
00:08:45,840 —> 00:08:47,370
- I think you're right, yeah.

262

00:08:47,370 —> 00:08:48,630

I think you're right.

- People were like

263

00:08:48,630 —> 00:08:50,340

itching for the next Chris Nolan film

264

00:08:50,340 —> 00:08:51,319

and itching for the next

265

00:08:51,319 —> 00:08:52,710

Greta Gerwig film.

- Yes.

266

00:08:52,710 —> 00:08:54,540

- To get them at the same time was,

267

00:08:54,540 —> 00:08:55,590

you know, exciting.

268

00:08:55,590 —> 00:08:57,135

- Quantum mechanics says it's both.

269

00:08:57,135 —> 00:08:58,194

How can it be both?

270

00:08:58,194 —> 00:09:00,168

- It can't.

- It can't.

271

00:09:00,168 —> 00:09:01,530

But it is.

272

00:09:01,530 —> 00:09:03,903

It's paradoxical, and yet it works.

273

00:09:04,950 —> 00:09:05,970

- Because I'm a fan of yours,

274

00:09:05,970 —> 00:09:07,350

I have watched a lot of your things

275

00:09:07,350 —> 00:09:10,683

on the internet on YouTube,

and there's kind of like,

276

00:09:11,520 —> 00:09:13,170

it's out there on the

internet that you're not

277

00:09:13,170 —> 00:09:15,417

that aware of memes and things like that.

278

00:09:15,417 —> 00:09:17,820

(Cillian laughing)

First of all, is that true?

279

00:09:17,820 —> 00:09:19,650

And second of all, if that is true,

280

00:09:19,650 —> 00:09:23,400

were you even aware of the

Barbenheimer, like, phenomenon?

281

00:09:23,400 —> 00:09:25,710

Or were you just blissfully unaware

282

00:09:25,710 —> 00:09:28,410

because you use a dial-up

phone or something?

283

00:09:28,410 —> 00:09:31,080

- No, I have teenage boys.

284

00:09:31,080 —> 00:09:35,250

I have two teenage boys,

so they keep doing this.

285

00:09:35,250 —> 00:09:38,160

So, and I do know what a meme is,

286

00:09:38,160 —> 00:09:41,040

Now I know that there are

memes about me not knowing

287

00:09:41,040 —> 00:09:42,840

what a meme is.

- It's a great meme.

288

00:09:42,840 —> 00:09:43,887

- But I-

- It's like

289

00:09:43,887 —> 00:09:45,671

inception of memes, a meme within a meme.

290

00:09:45,671 —> 00:09:46,803

- It is a-

(Margot and Cillian laughing)

291

00:09:46,803 —> 00:09:50,400

I genuinely at the time did not know.

292

00:09:50,400 —> 00:09:51,690

But people forget that was-

293

00:09:51,690 —> 00:09:52,523

- A while ago.

294

00:09:52,523 —> 00:09:54,360

- It was a long time ago.

- Yeah, long time ago, yeah.

295
00:09:54,360 —> 00:09:55,530
- You know?
- I might not have known

296
00:09:55,530 —> 00:09:56,370
back then what a meme is.

297
00:09:56,370 —> 00:09:58,590
- No, and I mean-
- I'm not that tech savvy.

298
00:09:58,590 —> 00:10:01,140
- Exactly, and I think
children started that stuff,

299
00:10:01,140 —> 00:10:02,280
right, so-
- Yeah.

300
00:10:02,280 —> 00:10:03,510
- So it wasn't necessarily,

301

00:10:03,510 —> 00:10:05,283

but now that it's become this sort of

302

00:10:05,283 —> 00:10:08,360

like the meme that's eating itself-

303

00:10:08,360 —> 00:10:10,470

(Margot laughing)

I am aware,

304

00:10:10,470 —> 00:10:13,080

but it's mostly because of

people either sending it to me

305

00:10:13,080 —> 00:10:14,020

or showing, saying, "Look,

you gotta look at this."

306

00:10:14,020 —> 00:10:16,183

- Yeah, yeah.

- But I do think that-

307

00:10:16,183 —> 00:10:17,016

- Did you see any of

308

00:10:17,016 —> 00:10:20,100

the Barbenheimer fan art?

- I mean it was impossible to-

309

00:10:20,100 —> 00:10:21,210

- Wasn't there some great ones?

310

00:10:21,210 —> 00:10:23,820

- Avoid any of that stuff?

311

00:10:23,820 —> 00:10:25,110

Which is-

- People are so clever

312

00:10:25,110 —> 00:10:25,943

with the things they come up with.

313

00:10:25,943 —> 00:10:27,600

- It was incredible, and

it was self-generated.

314
00:10:27,600 —> 00:10:28,950
Do you know what I mean?
- I know.

315
00:10:28,950 —> 00:10:31,370
People kept asking me, they're like,

316
00:10:31,370 —> 00:10:32,407
"So, are the studio's talking,

317
00:10:32,407 —> 00:10:33,997
"the studio, each department,

318
00:10:33,997 —> 00:10:35,580
"marketing department's
talking to each other."

319
00:10:35,580 —> 00:10:37,987
And I was like, "No, this
is the world doing this."

320

00:10:37,987 —> 00:10:38,827

"This is-"

- The world.

321

00:10:38,827 —> 00:10:40,627

- "This is not a part of

the marketing campaign.

322

00:10:40,627 —> 00:10:41,610

"This is just happening."

323

00:10:41,610 —> 00:10:43,740

- And I think it's, it happened because,

324

00:10:43,740 —> 00:10:46,080

like both movies were good.

325

00:10:46,080 —> 00:10:47,970

- Yeah, yeah.

- That's the thing.

326

00:10:47,970 —> 00:10:52,620

And there was a sort of a

diversity offered by both movies.

327

00:10:52,620 —> 00:10:55,890

In fact, that summer

there was a huge diversity

328

00:10:55,890 —> 00:10:57,447

of stuff in the cinema.

329

00:10:57,447 —> 00:11:01,350

And like, I think it just connected

330

00:11:01,350 —> 00:11:03,270

in a way that you or I or the studios

331

00:11:03,270 —> 00:11:05,310

or anybody could never have particularly,

332

00:11:05,310 —> 00:11:07,110

we could never-

- You can't force that.

333

00:11:07,110 —> 00:11:08,903

- Have predicted, no

- We can't orchestrate that.

334

00:11:08,903 —> 00:11:10,872

- No, and it may never happen again.

335

00:11:10,872 —> 00:11:11,705

- I know.

336

00:11:11,705 —> 00:11:12,960

- And it was-

- I mean, it was wild

337

00:11:12,960 —> 00:11:15,030

seeing that many people

going into the movies.

338

00:11:15,030 —> 00:11:17,040

- Yeah.

- Wild.

339

00:11:17,040 —> 00:11:18,420

Did you go to the movie?

340

00:11:18,420 —> 00:11:19,410

- Did you go to see "Oppenheimer"

341

00:11:19,410 —> 00:11:22,320

or did go see "Barbie?"

- Yeah, like do you sneak out

342

00:11:22,320 —> 00:11:24,420

and see like what the vibe is?

343

00:11:24,420 —> 00:11:25,800

I mean, we were going around in cinemas

344

00:11:25,800 —> 00:11:27,510

checking like levels and things like that.

345

00:11:27,510 —> 00:11:29,490

- Yeah, well, I guess you're a producer,

346

00:11:29,490 —> 00:11:30,843
and you gotta do that.

347
00:11:32,081 —> 00:11:33,660
I try to avoid lookin' at myself.

348
00:11:33,660 —> 00:11:35,430
I struggle with it.

349
00:11:35,430 —> 00:11:36,720
- Isn't the mask the best thing?

350
00:11:36,720 —> 00:11:37,890
- [Cillian] The what?

351
00:11:37,890 —> 00:11:39,630
Oh yes.
- Wear a mask everywhere.

352
00:11:39,630 —> 00:11:40,463
- Yes, that is-
- And I can go

353

00:11:40,463 —> 00:11:41,530

everywhere again.

354

00:11:41,530 —> 00:11:43,080

It's so good.

- But I wouldn't volunteer

355

00:11:43,080 —> 00:11:44,400

to go in to see myself

356

00:11:44,400 —> 00:11:45,627

in the-

- No, no, no.

357

00:11:45,627 —> 00:11:49,140

- But I do know that Chris and Emma,

358

00:11:49,140 —> 00:11:51,810

Chris Nolan and Emma

Thomas, his wife, producer,

359

00:11:51,810 —> 00:11:54,360

I think they were going,

they were sneaking into-

360

00:11:54,360 —> 00:11:55,890

- Checking how it's-

- Yeah.

361

00:11:55,890 —> 00:11:58,200

But then like the fact

that people were going

362

00:11:58,200 —> 00:12:00,390

dressed up as Barbie or

dressed up as Oppenheimer

363

00:12:00,390 —> 00:12:04,110

to go and see the movies multiple times,

364

00:12:04,110 —> 00:12:05,940

it's kinda so flattering

365

00:12:05,940 —> 00:12:08,220

and, you know, kind of overwhelming,

366

00:12:08,220 —> 00:12:10,590

and so great for cinema.

367

00:12:10,590 —> 00:12:11,940

- Totally.

- Yeah.

368

00:12:11,940 —> 00:12:15,600

Like being the producer and

being the star of the movie,

369

00:12:15,600 —> 00:12:17,100

how did you manage to kind of,

370

00:12:18,090 —> 00:12:19,890

I guess, split those responsibilities?

371

00:12:19,890 —> 00:12:22,290

Or was that difficult?

372

00:12:22,290 —> 00:12:24,990

Or were you always gonna play Barbie?

373

00:12:24,990 —> 00:12:26,460

- I wasn't always gonna...

374

00:12:26,460 —> 00:12:27,483

Not necessarily.

375

00:12:28,380 —> 00:12:30,630

You know, even when we got the property

376

00:12:30,630 —> 00:12:33,097

and sat with Mattel, I said,

you know, they were like,

377

00:12:33,097 —> 00:12:34,650

"Will you play Barbie?"

- Yeah.

378

00:12:34,650 —> 00:12:36,270

- I said, "No, that's

up to the filmmaker."

379

00:12:36,270 —> 00:12:38,257

So it's, you know, "I want

to go after Greta Gerwig,

380

00:12:38,257 —> 00:12:39,797

"and she should cast

whoever she wants, and-"

381

00:12:39,797 —> 00:12:40,630

- Yeah.

- "If that's not me,

382

00:12:40,630 —> 00:12:42,090

"like that's okay."

383

00:12:42,090 —> 00:12:42,923

And I said that to Greta as well.

384

00:12:42,923 —> 00:12:45,217

I was like, "You write the

script that you wanna write.

385

00:12:45,217 —> 00:12:46,147
"You and Noah write it.

386
00:12:46,147 —> 00:12:48,547
"And if you think I'm the
right actor for it, great.

387
00:12:48,547 —> 00:12:50,700
"And if you don't like, let's
go get the best actor for it."

388
00:12:50,700 —> 00:12:51,533
- Cool.

389
00:12:51,533 —> 00:12:54,000
- I really didn't, I didn't mind.

390
00:12:54,000 —> 00:12:54,890
I really wanted to produce it.

391
00:12:54,890 —> 00:12:56,370
So I really wanted to make this.

392

00:12:56,370 —> 00:12:59,317

It wasn't until I read the

script that I was like,

393

00:12:59,317 —> 00:13:01,140

"Oh I have to play it.

- Yeah.

394

00:13:01,140 —> 00:13:02,957

- And she'd written it

like Barbie Margot, so-

395

00:13:02,957 —> 00:13:04,440

- Right.

- She made it pretty clear,

396

00:13:04,440 —> 00:13:06,840

like, no, I want you to play this role.

397

00:13:06,840 —> 00:13:10,710

But you've done five movies

with Christopher Nolan now,

398

00:13:10,710 —> 00:13:12,270

right?

- This is six, actually.

399

00:13:12,270 —> 00:13:13,770

- Six, really?

- Uh, huh, yeah.

400

00:13:13,770 —> 00:13:15,720

- So you like the guy.

(Cillian laughing)

401

00:13:15,720 —> 00:13:17,880

Big fan.

- It seems to work.

402

00:13:17,880 —> 00:13:19,080

You know, I mean this is the first time

403

00:13:19,080 —> 00:13:21,300

playing a proper lead role for him.

404

00:13:21,300 —> 00:13:24,270
They'd always been supporting
parts over the years.

405
00:13:24,270 —> 00:13:26,130
It's 20 years we're working together.

406
00:13:26,130 —> 00:13:29,640
- Has your relationship changed
or evolved in that time?

407
00:13:29,640 —> 00:13:34,170
- I mean, I think that
it's probably gotten,

408
00:13:34,170 —> 00:13:36,480
you know, richer, I think.

409
00:13:36,480 —> 00:13:38,640
You know, I was certainly just kind of

410
00:13:38,640 —> 00:13:39,930
startin' off back then,

411

00:13:39,930 —> 00:13:42,540

or starting to work properly in film,

412

00:13:42,540 —> 00:13:45,660

and he had just made the leap, you know,

413

00:13:45,660 —> 00:13:49,320

from making independent films

into making big studio movies.

414

00:13:49,320 —> 00:13:51,240

And he was taking over this franchise

415

00:13:51,240 —> 00:13:53,100

for the first time with "Batman Begins,"

416

00:13:53,100 —> 00:13:55,050

and obviously just nailed it.

417

00:13:55,050 —> 00:13:57,240

But I think he's refining and

refining his kind of vision

418
00:13:57,240 —> 00:13:59,310
and how the types of
stories he wants to tell

419
00:13:59,310 —> 00:14:00,870
and how he wants to present them.

420
00:14:00,870 —> 00:14:02,370
You know, like moving into IMAX,

421
00:14:02,370 —> 00:14:03,240
and you know, he was

422
00:14:03,240 —> 00:14:05,020
the first director to do that.
- When did he start

423
00:14:05,020 —> 00:14:07,860
shooting always in the large format?

424

00:14:07,860 —> 00:14:10,530
- I think it was "Dark Knight."

425
00:14:10,530 —> 00:14:12,630
I think that opening
sequence at the beginning.

426
00:14:12,630 —> 00:14:13,710
I think that's an IMAX.

427
00:14:13,710 —> 00:14:15,570
You remember when Heath breaks
into the bank and all that?

428
00:14:15,570 —> 00:14:16,573
I think that's in IMAX.

429
00:14:16,573 —> 00:14:18,870
I think that's the, I could be wrong,

430
00:14:18,870 —> 00:14:20,130
but I think that's one of the first times

431

00:14:20,130 —> 00:14:20,963

that he started using it.

432

00:14:20,963 —> 00:14:22,260

But like in Oppenheimer,

433

00:14:22,260 —> 00:14:24,250

we were using it almost all of the time.

434

00:14:24,250 —> 00:14:25,650

- Yeah.

- And they come at you.

435

00:14:25,650 —> 00:14:27,900

It's like, a-

- And with the film.

436

00:14:27,900 —> 00:14:31,110

I mean those cameras must be so heavy.

437

00:14:31,110 —> 00:14:32,610

- Yeah, yeah.

- So loud.

438
00:14:32,610 —> 00:14:33,870
- So loud, so heavy.

439
00:14:33,870 —> 00:14:34,890
Have you worked with them?

440
00:14:34,890 —> 00:14:36,630
With IMAX?
- No.

441
00:14:36,630 —> 00:14:38,947
But I know he shoots on
IMAX and always on film.

442
00:14:38,947 —> 00:14:40,380
- Yeah.
- So I can imagine like,

443
00:14:40,380 —> 00:14:41,850
to get more than a four-minute take,

444

00:14:41,850 —> 00:14:43,650

those mags must be massive.

445

00:14:43,650 —> 00:14:45,810

- They're huge.

446

00:14:45,810 —> 00:14:48,529

And our amazing DP-

447

00:14:48,529 —> 00:14:51,540

- Hoyte.

- Hoyte was like,

448

00:14:51,540 —> 00:14:52,770

carries them everywhere.

449

00:14:52,770 —> 00:14:54,630

Like I remember in "Dunkirk" we'd be like

450

00:14:54,630 —> 00:14:57,510

on a boat in the middle of the ocean,

451

00:14:57,510 —> 00:15:00,000

and Hoyte would have the

thing on his shoulder,

452

00:15:00,000 —> 00:15:02,550

and it's like these

beautifully composed shots.

453

00:15:02,550 —> 00:15:03,900

But to answer your question, I don't know.

454

00:15:03,900 —> 00:15:05,820

I suppose as you get older,

455

00:15:05,820 —> 00:15:07,260

you just get a bit more confident

456

00:15:07,260 —> 00:15:08,640

in the sort of stories you want to tell.

457

00:15:08,640 —> 00:15:09,810

And I suppose, you know,

458

00:15:09,810 —> 00:15:12,210

I've learned a huge amount

from working with Chris

459

00:15:12,210 —> 00:15:15,870

in terms of focus and

rigor and dedication.

460

00:15:15,870 —> 00:15:18,570

And, I think we have similar tastes,

461

00:15:18,570 —> 00:15:21,210

and I think he may have,

you know, helped form my,

462

00:15:21,210 —> 00:15:22,890

kind of my tastes.

463

00:15:22,890 —> 00:15:24,780

But before I even worked with him,

464

00:15:24,780 —> 00:15:27,390
the movies that he had made
prior to "Batman Begins"

465
00:15:27,390 —> 00:15:30,233
I was a fan of, and I
really just wanted to,

466
00:15:30,233 —> 00:15:31,440
you know, meet him and-
- Yeah.

467
00:15:31,440 —> 00:15:32,460
- That happens a lot, isn't it?

468
00:15:32,460 —> 00:15:34,110
Like you were fans of directors,

469
00:15:34,110 —> 00:15:35,490
and then you get to meet them,

470
00:15:35,490 —> 00:15:36,930
and next thing you're working with them,

471

00:15:36,930 —> 00:15:38,580

and it's kinda nuts,

472

00:15:38,580 —> 00:15:39,960

'cause you were at home watching their-

473

00:15:39,960 —> 00:15:41,520

- I know.

- Movies when you were a kid.

474

00:15:41,520 —> 00:15:43,110

- Well, I don't know

if that happens a lot,

475

00:15:43,110 —> 00:15:44,730

but when it does happen, it's like magic.

476

00:15:44,730 —> 00:15:46,080

- This is true.

- Amazing.

477

00:15:46,080 —> 00:15:48,030

- I'm sure that's happened to you.

478

00:15:48,030 —> 00:15:50,160

- I've like reached out to

people I really wanna work.

479

00:15:50,160 —> 00:15:50,993

- Yeah, I've done that.

480

00:15:50,993 —> 00:15:52,950

Written letters.

- Write letters, and yeah.

481

00:15:52,950 —> 00:15:54,652

The letter thing does work, I have to say.

482

00:15:54,652 —> 00:15:55,485

- It does.

483

00:15:55,485 —> 00:15:56,370

- I mean, sometimes it doesn't,

484

00:15:56,370 —> 00:15:57,330

but sometimes it does.

485

00:15:57,330 —> 00:15:59,010

- People appreciate a handwritten letter

486

00:15:59,010 —> 00:16:00,274

that you've sat down to write.

- Yeah.

487

00:16:00,274 —> 00:16:01,883

- I believe in that.

- Yeah.

488

00:16:01,883 —> 00:16:03,810

I feel like I don't

like playing lead roles,

489

00:16:03,810 —> 00:16:06,330

'cause I feel like you

have more responsibility,

490

00:16:06,330 —> 00:16:07,163
and like-
- Yeah.

491
00:16:07,163 —> 00:16:08,670
- As a supporting role you can kinda be

492
00:16:08,670 —> 00:16:10,350
a little more like wild and-

493
00:16:10,350 —> 00:16:11,190
- Yeah.
- I don't know.

494
00:16:11,190 —> 00:16:12,713
Like I avoid playing lead roles.

495
00:16:12,713 —> 00:16:15,060
- Really?
- I haven't done it that much.

496
00:16:15,060 —> 00:16:16,860
Not where like my character's

the name of the movie.

497

00:16:16,860 —> 00:16:18,180

- Yeah.

- Only "I, Tonya"

498

00:16:18,180 —> 00:16:19,350

have I done that really?

499

00:16:19,350 —> 00:16:21,480

Did you feel that sense of like,

500

00:16:21,480 —> 00:16:23,580

oh, I have to carry the

weight of this story

501

00:16:23,580 —> 00:16:25,770

because I am playing Oppenheimer,

502

00:16:25,770 —> 00:16:27,780

and the movie is "Oppenheimer"?

503

00:16:27,780 —> 00:16:29,190
Or did you approach it,

504
00:16:29,190 —> 00:16:31,080
did it feel just the same as

505
00:16:31,080 —> 00:16:33,210
when you've worked with
him in other instances?

506
00:16:33,210 —> 00:16:34,863
- No, it did feel different.

507
00:16:36,060 —> 00:16:38,940
Like, he called me up out of the blue

508
00:16:38,940 —> 00:16:39,773
'cause he's never, like,

509
00:16:39,773 —> 00:16:41,760
I didn't even know he was writing it.

510

00:16:41,760 —> 00:16:43,710
So he called me up out of the blue.

511
00:16:43,710 —> 00:16:46,230
Or Emma Thomas, his wife, the producer,

512
00:16:46,230 —> 00:16:48,570
she called me 'cause Chris
doesn't have a phone.

513
00:16:48,570 —> 00:16:51,810
So she put me on to Chris,

514
00:16:51,810 —> 00:16:54,570
and he said in his, you know,
very understated British way,

515
00:16:54,570 —> 00:16:56,850
you know, "I'm just making
this movie about Oppenheimer,

516
00:16:56,850 —> 00:16:57,683
I'd like you to play the part."

517

00:16:57,683 —> 00:17:01,200

And so it was like wham outta nowhere.

518

00:17:01,200 —> 00:17:02,940

Luckily I was unemployed at the time.

519

00:17:02,940 —> 00:17:04,647

I just finished somethin'

and I wasn't doin' anythin'.

520

00:17:04,647 —> 00:17:07,110

But I did realize then

that it was different

521

00:17:07,110 —> 00:17:09,270

to the other jobs I'd done with him,

522

00:17:09,270 —> 00:17:11,880

because it was the story

of Oppenheimer's life.

523

00:17:11,880 —> 00:17:13,560
And then when he eventually
gave me the script,

524
00:17:13,560 —> 00:17:15,600
it was written in the first person,

525
00:17:15,600 —> 00:17:17,370
which I'd never read before.

526
00:17:17,370 —> 00:17:19,442
And so I kind of-
- The script was written

527
00:17:19,442 —> 00:17:20,730
in the first person?
- Yes.

528
00:17:20,730 —> 00:17:22,657
- Like the big print would be like,

529
00:17:22,657 —> 00:17:24,210
"I'm gonna put the cup down

530

00:17:24,210 —> 00:17:26,379

and look towards the door."

- Exactly, exactly.

531

00:17:26,379 —> 00:17:28,200

- That's interesting.

- Which I'd never read before.

532

00:17:28,200 —> 00:17:31,990

And so it was very clear

that he wanted it to be

533

00:17:33,000 —> 00:17:35,640

truly subjective storytelling, you know?

534

00:17:35,640 —> 00:17:38,610

And that did add to the feeling of, like,

535

00:17:38,610 —> 00:17:41,820

oh, fuck, this is a big, big, biggie.

536

00:17:41,820 —> 00:17:44,310
But then I knew as well
that he was gonna people it

537
00:17:44,310 —> 00:17:47,280
with all these extraordinary actors.

538
00:17:47,280 —> 00:17:48,780
And the thing about all those roles

539
00:17:48,780 —> 00:17:53,070
is they're all characters
of significant consequence.

540
00:17:53,070 —> 00:17:55,290
You know, they're very
consequential characters,

541
00:17:55,290 —> 00:17:57,000
in history and in the movie.

542
00:17:57,000 —> 00:17:58,410
You know, we put all these

543

00:17:58,410 —> 00:18:00,450

extraordinary actors in the-

- Casting was insane.

544

00:18:00,450 —> 00:18:01,800

- Yeah, it was bonkers.

545

00:18:01,800 —> 00:18:02,827

Every time he would tell me,

546

00:18:02,827 —> 00:18:04,807

"Oh, you know, Gary Oldman's gonna pop in.

547

00:18:04,807 —> 00:18:07,050

"And you know, we got down

Downey to play Strauss."

548

00:18:07,050 —> 00:18:08,310

But I suppose what I'm trying to say

549

00:18:08,310 —> 00:18:09,840

is that you felt very, very supported

550
00:18:09,840 —> 00:18:11,550
and secure in that.
- Yeah.

551
00:18:11,550 —> 00:18:12,420
- You know, 'cause you knew-

552
00:18:12,420 —> 00:18:13,753
- Share the burden a little bit

553
00:18:13,753 —> 00:18:15,900
with amazing cast.
- Completely, yeah.

554
00:18:15,900 —> 00:18:17,730
It felt lovely, and I think I've developed

555
00:18:17,730 —> 00:18:19,110
a shorthand with Chris over the years.

556

00:18:19,110 —> 00:18:20,760
Like, we do understand each other.

557
00:18:20,760 —> 00:18:23,250
I think we share a similar kind of taste

558
00:18:23,250 —> 00:18:25,620
or approach to storytelling.

559
00:18:25,620 —> 00:18:26,453
He's a master.

560
00:18:26,453 —> 00:18:28,530
He's a master filmmaker.

561
00:18:28,530 —> 00:18:29,820
- Why do you love working with him

562
00:18:29,820 —> 00:18:32,370
and why do you think he
loves working with you?

563

00:18:32,370 —> 00:18:33,203

- You'll have to ask him-

564

00:18:33,203 —> 00:18:34,176

- I know you're gonna have to

- tThe second part.

565

00:18:34,176 —> 00:18:35,737

- Be really humble, and

be like, "I don't know.

566

00:18:35,737 —> 00:18:36,570

"Why does he like me?

567

00:18:36,570 —> 00:18:37,863

"I can't understand it.

568

00:18:37,863 —> 00:18:40,199

- I don't know, I mean with-

- Take a guess.

569

00:18:40,199 —> 00:18:44,310

- With Chris, you see, it's just the work.

570

00:18:44,310 —> 00:18:47,790

Like, he's not interested in anything else

571

00:18:47,790 —> 00:18:49,950

other than the work and the filmmaking,

572

00:18:49,950 —> 00:18:54,950

and he is incredibly focused

and it's incredibly rigorous.

573

00:18:55,140 —> 00:18:57,060

- Is it true he wears a

suit every day to set?

574

00:18:57,060 —> 00:19:00,360

- He does wear very

similar attire every day.

575

00:19:00,360 —> 00:19:02,280

But, you know, the reason I think that is,

576

00:19:02,280 —> 00:19:05,340
I think it makes sense
to me is that it's one,

577
00:19:05,340 —> 00:19:07,890
you know, as a director,
you have so many decisions.

578
00:19:07,890 —> 00:19:09,120
- Greta wore a boiler suit every day.

579
00:19:09,120 —> 00:19:11,190
- Every day.
- She had five.

580
00:19:11,190 —> 00:19:12,720
A different one for every day of the week.

581
00:19:12,720 —> 00:19:14,227
She was like, "It's one piece of clothing.

582
00:19:14,227 —> 00:19:16,067
"It's got pockets so I can

put my notebook and pens,

583
00:19:16,067 —> 00:19:16,947
"all that."
- Yeah.

584
00:19:16,947 —> 00:19:19,530
- And she was like, "It's a decision

585
00:19:19,530 —> 00:19:20,381
I don't have to make."
- Yeah.

586
00:19:20,381 —> 00:19:21,913
- "And I have to make a thousand today."

587
00:19:21,913 —> 00:19:22,746
- You take that off the board, yeah.

588
00:19:22,746 —> 00:19:24,360
- And then while we were shooting,

589

00:19:24,360 —> 00:19:26,670

I went to the Churchill War Museum

590

00:19:26,670 —> 00:19:29,370

and saw that he, Winston

Churchill did the same thing.

591

00:19:29,370 —> 00:19:30,690

He had like this boiler suit.

- There you go.

592

00:19:30,690 —> 00:19:31,860

- And I was like, Greta.

593

00:19:31,860 —> 00:19:33,900

- It makes a lotta sense.

- It makes total sense.

594

00:19:33,900 —> 00:19:35,940

- And I imagine if she wore

something different on set,

595

00:19:35,940 —> 00:19:37,080

it would freak you out.

596

00:19:37,080 —> 00:19:37,950

I mean if-

- No, totally.

597

00:19:37,950 —> 00:19:40,500

- Chris came in a, I don't know-

598

00:19:40,500 —> 00:19:41,333

- Hawaiian shirt.

599

00:19:41,333 —> 00:19:42,930

- It would freak me out.

(Margot and Cillian laughing)

600

00:19:42,930 —> 00:19:45,150

I wouldn't be able to concentrate.

601

00:19:45,150 —> 00:19:46,530

And I don't think the crew would.

602

00:19:46,530 —> 00:19:47,760

- Yeah.

- So, I think it's

603

00:19:47,760 —> 00:19:49,710

a sensible choice, actually.

604

00:19:49,710 —> 00:19:51,586

- And prepping for the role,

605

00:19:51,586 —> 00:19:54,450

what's your prep process like?

606

00:19:54,450 —> 00:19:55,740

- I mean, I don't know about you,

607

00:19:55,740 —> 00:19:57,570

but I'll take as much as I can get.

608

00:19:57,570 —> 00:19:59,010

- [Margot] Yeah.

609

00:19:59,010 —> 00:20:00,990
- With this one, it was six months

610
00:20:00,990 —> 00:20:05,040
from when he called me to
when we started shooting.

611
00:20:05,040 —> 00:20:07,470
And I would've taken another six months

612
00:20:07,470 —> 00:20:08,670
if I coulda got it.

613
00:20:08,670 —> 00:20:11,130
- When he called you and said,
"Movie about Oppenheimer,"

614
00:20:11,130 —> 00:20:12,960
were you like, "Gotcha"?

615
00:20:12,960 —> 00:20:14,198
Or were you like, "Who's that?"

616

00:20:14,198 —> 00:20:16,290

(Cillian laughing)

- I should go get a book.

617

00:20:16,290 —> 00:20:17,400

I know nothing about it.

618

00:20:17,400 —> 00:20:22,140

- I knew kind of very basic, you know,

619

00:20:22,140 —> 00:20:24,240

Wikipedia level.

620

00:20:24,240 —> 00:20:26,850

Now I knew about the Trinity tests,

621

00:20:26,850 —> 00:20:29,880

and I knew about, you know,

the Manhattan Project,

622

00:20:29,880 —> 00:20:33,660

and then obviously what happened in '45.

623

00:20:33,660 —> 00:20:35,760

But like, I didn't know

624

00:20:35,760 —> 00:20:38,010

what happened afterwards

or anything like that.

625

00:20:38,010 —> 00:20:38,963

- Yeah, yeah.

626

00:20:39,900 —> 00:20:42,090

So you read a lot to prep?

627

00:20:42,090 —> 00:20:43,296

What else do you do?

628

00:20:43,296 —> 00:20:47,299

- Like walk around my

basement talking to myself.

629

00:20:47,299 —> 00:20:48,269

(Cillian laughing)

- Really?

630

00:20:48,269 —> 00:20:49,680

- Yeah.

- Do you record yourself?

631

00:20:49,680 —> 00:20:51,750

- I do sometimes, do you?

632

00:20:51,750 —> 00:20:54,750

- No, only if I'm doing dialect stuff.

633

00:20:54,750 —> 00:20:55,920

- Yeah.

- But I prep

634

00:20:55,920 —> 00:20:57,070

like a psychopath as well.

635

00:20:57,070 —> 00:20:58,920

- Yeah, it's the only way, isn't it?

636

00:20:58,920 —> 00:21:01,770

- I'll prep, like, as

long as I possibly can.

637

00:21:01,770 —> 00:21:03,120

I remember I started prepping one role

638

00:21:03,120 —> 00:21:04,560

and then COVID happened.

639

00:21:04,560 —> 00:21:06,810

And so I ended up prepping

the one role for like a year.

640

00:21:06,810 —> 00:21:09,450

And it was, I was like losing

my mind by the end of it.

641

00:21:09,450 —> 00:21:12,540

My husband walked in, and I was

like making like weird masks

642

00:21:12,540 —> 00:21:13,830
and stuff, and I was
like covered in paint.

643
00:21:13,830 —> 00:21:15,090
He's like, "What are doing?"

644
00:21:15,090 —> 00:21:16,417
And I was like, "I think I've gone too far

645
00:21:16,417 —> 00:21:18,240
"with this character."
(Cillian laughing)

646
00:21:18,240 —> 00:21:19,710
We need this to end.

647
00:21:19,710 —> 00:21:20,910
I need to get on set.

648
00:21:20,910 —> 00:21:21,810
- It's the only way, though.

649

00:21:21,810 —> 00:21:23,340

I think this the only-

650

00:21:23,340 —> 00:21:24,510

- Because then I can walk on set

651

00:21:24,510 —> 00:21:26,610

and just be like totally free.

- Yeah.

652

00:21:26,610 —> 00:21:28,440

- But if I hadn't prepped,

653

00:21:28,440 —> 00:21:30,510

like I'd be so terrified.

654

00:21:30,510 —> 00:21:31,920

Like when I hear some other actors,

655

00:21:31,920 —> 00:21:33,447

like look at their script and

there's nothing written on it.

656

00:21:33,447 —> 00:21:36,300

And I'm like, I'd be so terrified

657

00:21:36,300 —> 00:21:38,400

if I didn't have like a

bazillion notes and thoughts.

658

00:21:38,400 —> 00:21:39,420

- Yeah.

659

00:21:39,420 —> 00:21:41,580

- Then I'd be having all those thoughts

660

00:21:41,580 —> 00:21:43,110

on set as opposed to just like-

661

00:21:43,110 —> 00:21:46,380

- Exactly, and I think, you

know, when you get on set

662

00:21:46,380 —> 00:21:49,317

time is your most important

commodity, as you know.

663

00:21:49,317 —> 00:21:51,053

And the last thing you wanna be doing is-

664

00:21:51,053 —> 00:21:52,620

- Finding it.

- Figuring it out.

665

00:21:52,620 —> 00:21:55,020

- I know.

- Every second counts,

666

00:21:55,020 —> 00:21:56,640

so you wanna do all the figuring out-

667

00:21:56,640 —> 00:21:58,575

- Yeah.

- Before, and then park it.

668

00:21:58,575 —> 00:22:00,330

You know?

- Yeah.

669
00:22:00,330 —> 00:22:02,550
- And Chris is the king of prep,

670
00:22:02,550 —> 00:22:05,400
and you know, I don't know
if, if Greta's the same,

671
00:22:05,400 —> 00:22:09,900
but he has like, you know,
crew that he works with forever

672
00:22:09,900 —> 00:22:11,490
and HOVs that he's worked with forever.

673
00:22:11,490 —> 00:22:13,770
So, they know how he works,

674
00:22:13,770 —> 00:22:15,960
and he preps with those
guys for a long, long time.

675

00:22:15,960 —> 00:22:19,590

And, so when we come on set, it's fast.

676

00:22:19,590 —> 00:22:20,700

- Like go time.

- Yeah.

677

00:22:20,700 —> 00:22:21,533

- Yeah.

- And it's

678

00:22:21,533 —> 00:22:23,370

really, really fast.

679

00:22:23,370 —> 00:22:27,150

And he just kind of expects

excellence from everyone.

680

00:22:27,150 —> 00:22:28,530

- I love that.

- Yeah.

681

00:22:28,530 —> 00:22:30,217
Which I think all the best ones do.

682
00:22:30,217 —> 00:22:31,470
- Yeah.
- And I think

683
00:22:31,470 —> 00:22:32,303
everyone gets that.

684
00:22:32,303 —> 00:22:33,840
It's an unspoken thing, right?
- Yeah.

685
00:22:33,840 —> 00:22:35,490
- I thought if I could find a way

686
00:22:36,930 —> 00:22:41,930
to combine physics and New
Mexico my life would be perfect.

687
00:22:42,803 —> 00:22:43,770
(Oppenheimer chuckling)

688

00:22:43,770 —> 00:22:45,840

- And tell me about

casting your movie, then.

689

00:22:45,840 —> 00:22:50,370

What was your kind of goal or

plan when you were casting it?

690

00:22:50,370 —> 00:22:52,560

What was your-

- I mean,

691

00:22:52,560 —> 00:22:54,570

most people's names were

written into the script.

692

00:22:54,570 —> 00:22:56,370

Oh really?

- Like I was Barbie Margot.

693

00:22:56,370 —> 00:22:58,735

And it said Ken Ryan Gosling.

694

00:22:58,735 —> 00:23:00,120

- Wow.

- Like everyone, you know,

695

00:23:00,120 —> 00:23:02,310

Greta kinda manifested the cast she got.

696

00:23:02,310 —> 00:23:04,860

Also, everyone was so keen to do it.

697

00:23:04,860 —> 00:23:06,112

- [Cillian] Yeah.

698

00:23:06,112 —> 00:23:08,490

- And a lotta people signed

on to do like a long movie

699

00:23:08,490 —> 00:23:09,930

where they've got a

pretty small role, and-

700

00:23:09,930 —> 00:23:11,407

- Yeah.

- Agents were like,

701

00:23:11,407 —> 00:23:14,227

"Why would we let our

client be busy for this long

702

00:23:14,227 —> 00:23:15,570

"and for this much screen time?"

703

00:23:15,570 —> 00:23:17,433

But, you know, their

clients would be like,

704

00:23:17,433 —> 00:23:18,427

"No, I wanna do it.

705

00:23:18,427 —> 00:23:19,260

"I wanna work with these people,

706

00:23:19,260 —> 00:23:20,700

"and I wanna work with Greta."

707

00:23:20,700 —> 00:23:22,380

And we just said from the start, like,

708

00:23:22,380 —> 00:23:25,950

let's make a massive dance

party, invite everyone.

709

00:23:25,950 —> 00:23:27,276

And it-

- Yeah.

710

00:23:27,276 —> 00:23:28,140

- It was like that on set.

711

00:23:28,140 —> 00:23:30,270

Like it was so fun.

712

00:23:30,270 —> 00:23:32,460

Every day was so fun.

713

00:23:32,460 —> 00:23:35,250

And we'd be playing music

and we would dance in the...

714

00:23:35,250 —> 00:23:36,930

Like we'd, crew, cast, everyone,

715

00:23:36,930 —> 00:23:38,250

would like dance in the morning.

716

00:23:38,250 —> 00:23:39,450

- Really?

- Just to like-

717

00:23:39,450 —> 00:23:40,710

- Awww.

- Get everyone...

718

00:23:40,710 —> 00:23:41,730

You know, it was so funny,

719

00:23:41,730 —> 00:23:43,950

because we're shooting at Leavesden,

720

00:23:43,950 —> 00:23:46,470

other films, like the "Fast" movie,

721

00:23:46,470 —> 00:23:47,850

like "Fast 10" or whatever,

722

00:23:47,850 —> 00:23:49,770

they'd like come over

in their like SWAT gear,

723

00:23:49,770 —> 00:23:51,465

kinda be like, "What's going on in here?"

724

00:23:51,465 —> 00:23:53,010

And we're like, "It's

Barbieland, come in."

725

00:23:53,010 —> 00:23:54,390

- Wow.

- You know, people were just

726

00:23:54,390 —> 00:23:56,880

like gravitating towards

the set because they...

727

00:23:56,880 —> 00:23:58,650

And you know, our actors,

728

00:23:58,650 —> 00:23:59,850

everyone would come in on days

729

00:23:59,850 —> 00:24:01,119

that they weren't even working, 'cause-

730

00:24:01,119 —> 00:24:02,825

- Just to hang out.

- Just to hang.

731

00:24:02,825 —> 00:24:03,658

'cause it was so fun.

732

00:24:03,658 —> 00:24:06,300

Like you just wanted to

be there with everyone,

733

00:24:06,300 —> 00:24:07,955

and it was such a good group.

734

00:24:07,955 —> 00:24:10,070

- I think you can kind of feel that

735

00:24:10,070 —> 00:24:11,040

in the movie.

- Yeah.

736

00:24:11,040 —> 00:24:14,790

- I do think that that stuff transfers.

737

00:24:14,790 —> 00:24:15,623

- Definitely.

- Yeah.

738

00:24:15,623 —> 00:24:17,700

- And I think it all

trickles down from the top.

739

00:24:17,700 —> 00:24:19,020

Like whatever-

- Yeah.

740

00:24:19,020 —> 00:24:20,730

- Mood the director sets.

741

00:24:20,730 —> 00:24:21,563

- Yeah.

- It's like,

742

00:24:21,563 —> 00:24:22,650

it seeps into everything.

743

00:24:22,650 —> 00:24:25,560

And Greta just sets like the most

744

00:24:25,560 —> 00:24:27,437

like joyful space.

- Yeah.

745

00:24:27,437 —> 00:24:29,220

- I mean I can't speak to her other sets.

746

00:24:29,220 —> 00:24:31,980

I wasn't on them, but I mean,

747

00:24:31,980 —> 00:24:35,220

she's so joyful and

supportive and exciting,

748

00:24:35,220 —> 00:24:40,140

and just, she's just brilliant,

and you can feel that.

749

00:24:40,140 —> 00:24:43,173

And I don't know, I

always think of it like,

750

00:24:44,580 —> 00:24:46,320

it's like when little kids can sense

751

00:24:46,320 —> 00:24:48,480

that their parents are

like angry or frustrated.

752

00:24:48,480 —> 00:24:50,580
Even if like a parent's like, "I'm fine,"

753
00:24:50,580 —> 00:24:51,660
but they're slamming the dishes,

754
00:24:51,660 —> 00:24:52,680
you know, like a kid's gonna be

755
00:24:52,680 —> 00:24:53,820
like a little bit like on edge.

756
00:24:53,820 —> 00:24:56,910
Even if they don't understand
it, they're like, you know?

757
00:24:56,910 —> 00:24:58,410
- Yeah.
- That happens on a film set.

758
00:24:58,410 —> 00:24:59,550
Like I've seen that happen-

759

00:24:59,550 —> 00:25:00,383

- Yeah.

- Where like you can just

760

00:25:00,383 —> 00:25:02,970

feel everyone tensing, 'cause

you know your director,

761

00:25:02,970 —> 00:25:05,580

or someone else in a

position of, you know,

762

00:25:05,580 —> 00:25:07,920

importance is giving that vibe,

763

00:25:07,920 —> 00:25:10,465

and everyone's suddenly

like a little apprehensive,

764

00:25:10,465 —> 00:25:11,298

and that's-

- Yeah.

765

00:25:11,298 —> 00:25:13,458

- And we just did not need that-

766

00:25:13,458 —> 00:25:14,291

- Yeah, it has to come-

- Vibe

767

00:25:14,291 —> 00:25:15,205

for a Barbie set.

- It has to come from the top,

768

00:25:15,205 —> 00:25:16,080

doesn't it?

769

00:25:16,080 —> 00:25:17,070

- Maybe that would work for some movies,

770

00:25:17,070 —> 00:25:18,141

but that wasn't gonna work for-

771

00:25:18,141 —> 00:25:19,944

- Yeah, I don't enjoy that.

772

00:25:19,944 —> 00:25:21,851

- [Margot] It's just not funny, but, like-

773

00:25:21,851 —> 00:25:22,860

- You can't go to work like...

774

00:25:22,860 —> 00:25:24,570

I don't know, if you're

gonna be vulnerable,

775

00:25:24,570 —> 00:25:26,640

I feel like you need a

place that's trusting and-

776

00:25:26,640 —> 00:25:27,690

- Yeah.

- Caring.

777

00:25:27,690 —> 00:25:28,523

- Yeah.

778

00:25:28,523 —> 00:25:29,560
Going back to the prep question.

779
00:25:29,560 —> 00:25:30,393
- [Cillian] Yes.

780
00:25:30,393 —> 00:25:32,430
- Do you work with an acting
coach or a dialect coach

781
00:25:32,430 —> 00:25:35,343
or like movement coach or do
any of that kind of stuff?

782
00:25:36,246 —> 00:25:38,273
Or did you train to be an actor?

783
00:25:38,273 —> 00:25:40,173
- No, no, didn't train to be an actor.

784
00:25:41,070 —> 00:25:43,800
No, kind of started doing
theater when I was 20.

785

00:25:43,800 —> 00:25:44,670

- Yeah.

786

00:25:44,670 —> 00:25:46,296

- And then did an awful lot of theater

787

00:25:46,296 —> 00:25:49,350

for like four years kind of exclusively.

788

00:25:49,350 —> 00:25:51,900

And then started gettin'

little parts in movies.

789

00:25:51,900 —> 00:25:54,960

But I did use a dialect coach on this one,

790

00:25:54,960 —> 00:25:58,020

because the voice was so specific.

791

00:25:58,020 —> 00:25:58,860

- Yeah.

- Now we weren't

792
00:25:58,860 —> 00:26:00,870
trying to do an impression.

793
00:26:00,870 —> 00:26:01,703
I can't really.

794
00:26:01,703 —> 00:26:03,930
It's not in my wheelhouse
to do impressions.

795
00:26:03,930 —> 00:26:06,060
I don't have that skill.

796
00:26:06,060 —> 00:26:08,940
And you know, with
accents, for me it takes...

797
00:26:08,940 —> 00:26:10,740
It's like going to the gym for your mouth.

798

00:26:10,740 —> 00:26:11,573
You know what I mean?

799
00:26:11,573 —> 00:26:13,080
It takes a long time.

800
00:26:13,080 —> 00:26:14,994
- Australian mouths are like the laziest,

801
00:26:14,994 —> 00:26:15,846
right?
- (laughing) Really?

802
00:26:15,846 —> 00:26:17,496
- It's literally like a gym workout.

803
00:26:17,496 —> 00:26:19,830
- But you guys do Americans
so brilliantly always.

804
00:26:19,830 —> 00:26:22,530
- Well, that's 'cause we have
to like build the muscles.

805

00:26:22,530 —> 00:26:24,180

Well you have to like, yeah,

806

00:26:24,180 —> 00:26:26,610

build the muscles in your

mouth to do an American accent.

807

00:26:26,610 —> 00:26:27,443

- Really?

808

00:26:27,443 —> 00:26:29,910

I just thought it might be closer in,

809

00:26:29,910 —> 00:26:31,399

or kind of timbre, tone,

810

00:26:31,399 —> 00:26:32,640

or vowel sounds.

- No, I think we also,

811

00:26:32,640 —> 00:26:33,540

'cause we grow up watching

812
00:26:33,540 —> 00:26:34,647
so many American things.
- Same in Ireland.

813
00:26:34,647 —> 00:26:37,500
- Australians, like between our
soft palate and hard palate,

814
00:26:37,500 —> 00:26:39,120
we've got one centimeter of space.

815
00:26:39,120 —> 00:26:40,470
Americans have three.
- Huh.

816
00:26:40,470 —> 00:26:42,743
- So just an American
mouth just has more space.

817
00:26:42,743 —> 00:26:45,183
- Oh wow.

- And then because of that,

818
00:26:45,183 —> 00:26:47,610
like we use our lips more
and our tongues are lazy.

819
00:26:47,610 —> 00:26:48,840
And so when you're doing an accent,

820
00:26:48,840 —> 00:26:51,300
you're building that muscle
and creating that space.

821
00:26:51,300 —> 00:26:52,440
That's why I think it would be harder

822
00:26:52,440 —> 00:26:54,060
to be American doing an Australian accent,

823
00:26:54,060 —> 00:26:56,010
'cause I don't know how
you'd have all that space

824

00:26:56,010 —> 00:26:57,570

and have all that

muscularity in your mouth

825

00:26:57,570 —> 00:26:59,730

and suddenly like, make it weak

826

00:26:59,730 —> 00:27:01,118

and small.

- Yeah.

827

00:27:01,118 —> 00:27:01,951

- Like I don't know.

828

00:27:01,951 —> 00:27:02,784

That would be so hard.

829

00:27:02,784 —> 00:27:05,070

- Aussies always do

brilliant American, I think.

830

00:27:05,070 —> 00:27:05,903

- That's good.

831
00:27:05,903 —> 00:27:07,660
I love it when I hear
that we've got a good rep.

832
00:27:07,660 —> 00:27:09,030
- Well, you certainly do with me.

833
00:27:09,030 —> 00:27:10,410
- The Irish have a great rep.

834
00:27:10,410 —> 00:27:12,627
- Yeah, we're not bad at it.

835
00:27:12,627 —> 00:27:15,570
But what I was trying to do
with Oppenheimer is the very,

836
00:27:15,570 —> 00:27:17,070
like no one talks like it anymore.

837

00:27:17,070 —> 00:27:18,951
You know, kind of, you know, that oldie,

838
00:27:18,951 —> 00:27:22,890
like Orson Wells or like Mr. Rogers,

839
00:27:22,890 —> 00:27:24,693
or like who else talked like that?

840
00:27:25,687 —> 00:27:26,520
And so yeah, anyway,

841
00:27:26,520 —> 00:27:27,353
you don't hear it anymore.
- I mean it wasn't even

842
00:27:27,353 —> 00:27:28,282
that many decades ago-

843
00:27:28,282 —> 00:27:29,115
- No.
- That people

844

00:27:29,115 —> 00:27:29,948

really did speak like that.

845

00:27:29,948 —> 00:27:31,800

And every time I'm researching

an accent I'm like,

846

00:27:31,800 —> 00:27:34,590

surely it wasn't that,

you know, exaggerated.

847

00:27:34,590 —> 00:27:35,423

- Yeah.

- And then you hear

848

00:27:35,423 —> 00:27:36,256

a recording, and you're like, no-

849

00:27:36,256 —> 00:27:38,250

- It was.

- Wow, we really

850

00:27:38,250 —> 00:27:39,600
have gotten so lazy.

851
00:27:39,600 —> 00:27:40,433
- We really have.

852
00:27:40,433 —> 00:27:42,690
And I think it's become
so kind of homogenized,

853
00:27:42,690 —> 00:27:43,530
because of-
- Yeah.

854
00:27:43,530 —> 00:27:45,330
- This connectivity in the world.

855
00:27:45,330 —> 00:27:47,610
- Yeah.
- People sound quite similar.

856
00:27:47,610 —> 00:27:48,450
- Yeah.

- In different parts

857
00:27:48,450 —> 00:27:49,470
of the world, don't they?

858
00:27:49,470 —> 00:27:51,960
- Did you have access
to a lot of, you know,

859
00:27:51,960 —> 00:27:55,320
archival footage in order
to replicate the mannerisms

860
00:27:55,320 —> 00:27:57,090
or physicality of Oppenheimer?

861
00:27:57,090 —> 00:27:59,220
- Yes, there's a lot of stuff online,

862
00:27:59,220 —> 00:28:00,873
like just on YouTube.
- Mm.

863

00:28:01,920 —> 00:28:04,078

God, I love YouTube.

- Love a bit of YouTube.

864

00:28:04,078 —> 00:28:05,758

- It's like my biggest tool

865

00:28:05,758 —> 00:28:07,140

for any character.

- You just

866

00:28:07,140 —> 00:28:07,973

disappear down there,

867

00:28:07,973 —> 00:28:08,910

can't ya?

- Yeah.

868

00:28:08,910 —> 00:28:10,560

- The problem with footage of him

869

00:28:10,560 —> 00:28:12,450

was mostly him giving lectures.

870

00:28:12,450 —> 00:28:13,860

So it was quite performative, you know?

871

00:28:13,860 —> 00:28:15,750

It wasn't-

- Mm, the real him.

872

00:28:15,750 —> 00:28:16,920

- Yeah.

873

00:28:16,920 —> 00:28:18,180

So I used that a little bit,

874

00:28:18,180 —> 00:28:21,000

but we had to kind of

imagine how he would be,

875

00:28:21,000 —> 00:28:23,790

you know, with his wife

or with his colleagues

876

00:28:23,790 —> 00:28:24,623

and stuff like that.

877

00:28:24,623 —> 00:28:26,220

That we had to kinda make up.

878

00:28:26,220 —> 00:28:29,850

- Did you have like a thing

that would get you into him?

879

00:28:29,850 —> 00:28:30,683

You know what I mean?

880

00:28:30,683 —> 00:28:33,180

Like-

- Yeah, I do.

881

00:28:33,180 —> 00:28:35,790

Physically there was

loads of pictures of him,

882

00:28:35,790 —> 00:28:37,890

and he always stood with
his hand on his hip,

883
00:28:37,890 —> 00:28:38,723
and you see all these pictures.

884
00:28:38,723 —> 00:28:40,380
'Cause he was such a slight man,

885
00:28:40,380 —> 00:28:42,330
but he always stood with this
very kind of jaunty angle

886
00:28:42,330 —> 00:28:43,544
with his hand on his hip.

887
00:28:43,544 —> 00:28:46,500
And so I nicked that pretty quick early

888
00:28:46,500 —> 00:28:47,460
as a sort of a physical thing.

889

00:28:47,460 —> 00:28:51,450
And Chris Nolan kept sending
me pictures of David Bowie.

890
00:28:51,450 —> 00:28:52,283
You know, like in his sort of-

891
00:28:52,283 —> 00:28:54,130
- Mm.
- Thin White Duke era.

892
00:28:54,130 —> 00:28:55,320
- Yeah.
- With the big

893
00:28:55,320 —> 00:28:56,970
Voluminous trousers, yeah.
- I see that.

894
00:28:56,970 —> 00:28:57,990
Wow.

895
00:28:57,990 —> 00:29:00,840

- So we kinda stole that a little bit.

896

00:29:00,840 —> 00:29:02,073

- Chances are near zero.

897

00:29:03,690 —> 00:29:04,593

- Near zero?

898

00:29:05,880 —> 00:29:07,730

- What do you want with theory alone?

899

00:29:09,990 —> 00:29:10,860

- Zero.

900

00:29:10,860 —> 00:29:14,156

- And how about you, what

was your process then?

901

00:29:14,156 —> 00:29:16,650

'Cause it's such a

difficult character to...

902

00:29:16,650 —> 00:29:19,893
It's this kind of 20th century iconic,

903
00:29:21,000 —> 00:29:22,590
not a real person.

904
00:29:22,590 —> 00:29:24,347
- Yeah, it was.
- How did you figure it out?

905
00:29:24,347 —> 00:29:28,803
- It was so weird prepping
Barbie as a character.

906
00:29:30,750 —> 00:29:33,990
'Cause it was like all my
usual tools didn't apply

907
00:29:33,990 —> 00:29:34,910
for this character.
- Yeah.

908
00:29:34,910 —> 00:29:37,830

- So I usually, like, I
have the things that I do,

909
00:29:37,830 —> 00:29:41,130
and I work with an acting coach,

910
00:29:41,130 —> 00:29:42,150
and I work with a dialect coach,

911
00:29:42,150 —> 00:29:43,350
and I work with a movement coach,

912
00:29:43,350 —> 00:29:45,360
and I read everything, and
I watch all the things.

913
00:29:45,360 —> 00:29:47,220
And when it's a real-life
person or whatever,

914
00:29:47,220 —> 00:29:49,350
it's the things that
you were talking about.

915

00:29:49,350 —> 00:29:50,700

If it's a made up person, whatever.

916

00:29:50,700 —> 00:29:54,000

I rely on animal work a lot.

917

00:29:54,000 —> 00:29:58,560

And I was, you know, maybe like

918

00:29:58,560 —> 00:30:01,530

45 minutes into pretending

to be a flamingo or whatever.

919

00:30:01,530 —> 00:30:03,090

And I was suddenly like-

(Cillian laughing)

920

00:30:03,090 —> 00:30:04,710

It's not working.

921

00:30:04,710 —> 00:30:06,550

The animal isn't helping me with Barbie.

922

00:30:06,550 —> 00:30:10,650

I was like, oh God, I

dunno how to find her.

923

00:30:10,650 —> 00:30:13,650

And, yeah, it was like,

normally I do a couple,

924

00:30:13,650 —> 00:30:16,008

like I have a couple of

things and I normally do.

925

00:30:16,008 —> 00:30:16,841

- Okay.

926

00:30:16,841 —> 00:30:18,150

- So I make up childhood memories.

927

00:30:18,150 —> 00:30:19,290

So I think of like, you know,

928

00:30:19,290 —> 00:30:23,130

say, half a dozen core childhood memories.

929

00:30:23,130 —> 00:30:23,963

- Uh-huh.

930

00:30:23,963 —> 00:30:25,050

- And that helps me explain

931

00:30:25,050 —> 00:30:26,726

why they do the things

they do in the script.

932

00:30:26,726 —> 00:30:27,559

- Right.

- So like,

933

00:30:27,559 —> 00:30:29,100

you know, this is the first time they

934

00:30:29,100 —> 00:30:31,200

were extremely humiliated

in a public setting,

935
00:30:31,200 —> 00:30:32,220
or this is the first time

936
00:30:32,220 —> 00:30:35,520
they felt betrayed or like whatever.

937
00:30:35,520 —> 00:30:37,110
But I couldn't do that
for her because she-

938
00:30:37,110 —> 00:30:39,120
- Well, yeah.
- Just was invented

939
00:30:39,120 —> 00:30:40,980
out of a vacuum and lived in a...

940
00:30:40,980 —> 00:30:43,560
You know, like, so all
the things I normally did

941

00:30:43,560 —> 00:30:44,790

didn't work.

942

00:30:44,790 —> 00:30:46,110

The animal work didn't work.

943

00:30:46,110 —> 00:30:48,122

Childhood memories didn't work.

944

00:30:48,122 —> 00:30:50,520

Even the accent wasn't

something to cling onto.

945

00:30:50,520 —> 00:30:51,353

Normally I'm like-

946

00:30:51,353 —> 00:30:52,186

- Yeah.

- What accent are we doing?

947

00:30:52,186 —> 00:30:54,240

So they grew up there and

what time and dah dah, dah.

948

00:30:54,240 —> 00:30:55,320

And even that, it was like, no,

949

00:30:55,320 —> 00:30:58,440

I should be from nowhere,

but kinda general.

950

00:30:58,440 —> 00:31:02,010

But, you know, so I was really struggling.

951

00:31:02,010 —> 00:31:05,970

It was like she was so smooth and shiny.

952

00:31:05,970 —> 00:31:06,803

I had like nothing

953

00:31:06,803 —> 00:31:08,076

to grab onto.

- Yeah.

954

00:31:08,076 —> 00:31:09,960
- And I was like, "I
don't know where you are."

955
00:31:09,960 —> 00:31:12,360
Even though she was written
beautifully in the script.

956
00:31:12,360 —> 00:31:14,827
Anyways, I went to Greta
and I was like, "Help me.

957
00:31:14,827 —> 00:31:16,830
"I don't know where to
start with this character."

958
00:31:16,830 —> 00:31:19,680
And she was like, "Okay,
what are you scared of?"

959
00:31:19,680 —> 00:31:24,097
And I was like, "I don't want
her to seem dumb and ditzy,

960

00:31:24,097 —> 00:31:26,420

"but she's also not

meant to know anything."

961

00:31:26,420 —> 00:31:27,253

- Yeah.

- She's meant to be

962

00:31:27,253 —> 00:31:29,190

completely naive and ignorant.

963

00:31:29,190 —> 00:31:34,190

And Greta found this episode

on "This American Life" podcast

964

00:31:34,410 —> 00:31:37,440

where it was a woman who doesn't

965

00:31:37,440 —> 00:31:38,610

or can't introspect,

966

00:31:38,610 —> 00:31:40,350

like, doesn't have the voice in her head.

967

00:31:40,350 —> 00:31:41,183

- Oh wow.

- That's like

968

00:31:41,183 —> 00:31:42,150

constantly narrating life.

- Yeah.

969

00:31:42,150 —> 00:31:43,260

- The way we all do.

970

00:31:43,260 —> 00:31:45,775

And so that was like an

instance where I was like,

971

00:31:45,775 —> 00:31:46,608

oh.

- Wow.

972

00:31:46,608 —> 00:31:48,360

- Oh, so she doesn't have that voice.

973

00:31:48,360 —> 00:31:49,797

And this woman's like, you know,

974

00:31:49,797 —> 00:31:52,020

got a PhD and is extremely smart,

975

00:31:52,020 —> 00:31:54,630

but just doesn't have

that internal monologue.

976

00:31:54,630 —> 00:31:55,650

- Is she happy?

977

00:31:55,650 —> 00:31:56,490

- Yeah, totally.

978

00:31:56,490 —> 00:31:57,360

And-

- Is she happier,

979

00:31:57,360 —> 00:31:58,193

do you think?

980

00:31:58,193 —> 00:32:00,000

- Oh, god, I wondered about that.

981

00:32:00,000 —> 00:32:01,717

You know, and the interviewer

was asking her like,

982

00:32:01,717 —> 00:32:05,760

"So if you're like looking out a window?"

983

00:32:05,760 —> 00:32:07,080

She's like, "I'm just

looking out a window."

984

00:32:07,080 —> 00:32:08,683

She's like, it didn't

even occur to me that

985

00:32:08,683 —> 00:32:10,800

I didn't introspect.

- Wow.

986

00:32:10,800 —> 00:32:13,500

- Until one day I suddenly realized

987

00:32:13,500 —> 00:32:16,290

as a grown woman that my

parents were one day gonna die.

988

00:32:16,290 —> 00:32:17,123

- Huh.

- And she was like

989

00:32:17,123 —> 00:32:19,380

inconsolable, you know-

- Yeah.

990

00:32:19,380 —> 00:32:21,450

- Thinking that, and her boyfriend

was like, "What's wrong?"

991

00:32:21,450 —> 00:32:23,340

She's like, "My parents

are gonna die one day."

992

00:32:23,340 —> 00:32:26,310

And he was like, "Had you not

thought about that before?"

993

00:32:26,310 —> 00:32:27,143

She was like, "No."

994

00:32:27,143 —> 00:32:29,400

She kinda thinks exactly

what's in front of her.

995

00:32:29,400 —> 00:32:31,290

Like a spotlight to what exactly

996

00:32:31,290 —> 00:32:32,730

is in front of her at the time.

997

00:32:32,730 —> 00:32:33,840

- Well, that's perfect, right?

- Yeah, it was

998

00:32:33,840 —> 00:32:34,760
really interesting.
- Yeah.

999
00:32:34,760 —> 00:32:35,790
- So things like that, I was like, wow.

1000
00:32:35,790 —> 00:32:38,887
And then Greta's like,
you know, references for,

1001
00:32:38,887 —> 00:32:41,730
"Okay, I want the cadence of
your speech to be like..."

1002
00:32:41,730 —> 00:32:43,470
We did this thing called Movie Church.

1003
00:32:43,470 —> 00:32:45,030
So every Sunday morning

1004
00:32:45,030 —> 00:32:46,980
we would invite all the cast and crew,

1005

00:32:46,980 —> 00:32:49,060

whoever wanted to come to

the Notting Hill Electric.

1006

00:32:49,060 —> 00:32:50,095

- Oh cool, cinema, yeah.

- Cinema, which is

1007

00:32:50,095 —> 00:32:51,330

such a good cinema.

- Yeah.

1008

00:32:51,330 —> 00:32:54,630

- And watch a movie that was

somehow related to Barbie.

1009

00:32:54,630 —> 00:32:55,463

- Like what, for example?

1010

00:32:55,463 —> 00:32:58,830

- So like for example, we'd

watch "His Girl Friday,"

1011

00:32:58,830 —> 00:32:59,677

'cause Greta would be like,

1012

00:32:59,677 —> 00:33:01,987

"I want all the Barbies at the dance party

1013

00:33:01,987 —> 00:33:03,817

"to have that rhythm,

like, when they speak.

1014

00:33:03,817 —> 00:33:07,140

"Like there it should be like,

da da da da da da da da."

1015

00:33:07,140 —> 00:33:09,480

It's funny, Greta, sometimes she,

1016

00:33:09,480 —> 00:33:11,940

I think she uses this to find

the comedy in scenes, too.

1017

00:33:11,940 —> 00:33:14,250

She doesn't look at the monitor.

1018

00:33:14,250 —> 00:33:15,704

Like she closes her eyes.

- Listens.

1019

00:33:15,704 —> 00:33:16,537

- And she just listens-

- To the rhythm.

1020

00:33:16,537 —> 00:33:17,370

- To a scene.

- Yeah.

1021

00:33:17,370 —> 00:33:19,800

- She's really tuned into like the rhythm.

1022

00:33:19,800 —> 00:33:21,360

- Yeah.

- Which is really interesting.

1023

00:33:21,360 —> 00:33:22,470

But then there might be a reference,

1024

00:33:22,470 —> 00:33:24,090

like we'd watch "The Red Shoes-"

1025

00:33:24,090 —> 00:33:25,080

- Oh yeah.

- Because we're coming up

1026

00:33:25,080 —> 00:33:26,250

with the lot for the camera,

1027

00:33:26,250 —> 00:33:28,380

like the color chart,

you know, the IB tech.

1028

00:33:28,380 —> 00:33:29,820

We called it Techno Barbie,

1029

00:33:29,820 —> 00:33:31,260

'cause we wanted it to look like that

1030

00:33:31,260 —> 00:33:32,640

kind of like really poppy,

1031

00:33:32,640 —> 00:33:35,430

saturated 50s sound soundstage musical.

1032

00:33:35,430 —> 00:33:37,920

Or we'd watch "2001: Space Odyssey,"

1033

00:33:37,920 —> 00:33:39,180

'cause it's a reference-

- Yeah.

1034

00:33:39,180 —> 00:33:40,770

- Gosh, we watched so many movies.

1035

00:33:40,770 —> 00:33:42,170

- What a nice thing to do.

1036

00:33:42,170 —> 00:33:43,680

- It was the best.

1037

00:33:43,680 —> 00:33:44,973
It was so fun.

1038
00:33:46,483 —> 00:33:47,954
(Barbies cheering)

1039
00:33:47,954 —> 00:33:50,730
("Dance the Night")

1040
00:33:50,730 —> 00:33:54,780
Coming up with the character
was weirdly difficult.

1041
00:33:54,780 —> 00:33:58,200
And I wouldn't think playing
a Barbie would be difficult.

1042
00:33:58,200 —> 00:33:59,970
But then I realized I
had nothing to grab onto,

1043
00:33:59,970 —> 00:34:01,590
and it did take me a second.

1044

00:34:01,590 —> 00:34:03,600

But I did know, and it

was evident in the script,

1045

00:34:03,600 —> 00:34:04,950

that I wanted there to be an evolution

1046

00:34:04,950 —> 00:34:07,710

between how she's at the

beginning and who she is-

1047

00:34:07,710 —> 00:34:09,012

- Yeah.

- At the end.

1048

00:34:09,012 —> 00:34:11,070

At the beginning, she is a doll,

1049

00:34:11,070 —> 00:34:12,240

and she doesn't introspect,

1050

00:34:12,240 —> 00:34:14,850
and she's never experienced
something like shame.

1051
00:34:14,850 —> 00:34:15,683
And she's never experienced,

1052
00:34:15,683 —> 00:34:16,560
you know, there's so many things

1053
00:34:16,560 —> 00:34:18,990
she hasn't ever experienced.
- Yeah.

1054
00:34:18,990 —> 00:34:20,370
- And so she's certain.

1055
00:34:20,370 —> 00:34:21,480
She just says everything

1056
00:34:21,480 —> 00:34:22,650
with absolute certainty.
- Yeah. (laughing)

1057

00:34:22,650 —> 00:34:24,210

- And she moves with absolute certainty.

1058

00:34:24,210 —> 00:34:25,043

- Yeah.

- She's wide

1059

00:34:25,043 —> 00:34:26,460

and open to the world,

'cause why wouldn't you be?

1060

00:34:26,460 —> 00:34:27,900

There's nothing bad.

1061

00:34:27,900 —> 00:34:30,360

There's no pain, there's nothing bad.

1062

00:34:30,360 —> 00:34:32,107

You know, she can say

happily to Ken, like,

1063

00:34:32,107 —> 00:34:34,117

"You can go now, I don't want you here.

1064

00:34:34,117 —> 00:34:35,497

"Like, I wanna see my friends.

1065

00:34:35,497 —> 00:34:37,170

"It's my house, not yours."

- Yeah, yeah.

1066

00:34:37,170 —> 00:34:38,460

- Bye, like-

(Cillian laughing)

1067

00:34:38,460 —> 00:34:39,390

And it can be like that.

1068

00:34:39,390 —> 00:34:40,440

And then towards the middle

1069

00:34:40,440 —> 00:34:42,900

it starts getting shaky and wobbly and-

1070

00:34:42,900 —> 00:34:44,550

- Yeah.

- Fragile and vulnerable.

1071

00:34:44,550 —> 00:34:46,920

And by the end, she is human.

1072

00:34:46,920 —> 00:34:49,890

She's become human before

she's even realized

1073

00:34:49,890 —> 00:34:51,090

to ask for that.

- Uh-huh.

1074

00:34:51,090 —> 00:34:53,070

- And so we did a couple things.

1075

00:34:53,070 —> 00:34:55,680

You know, wigs got smaller,

1076

00:34:55,680 —> 00:34:56,550

less hair-

- Oh wow.

1077

00:34:56,550 —> 00:34:57,963

- More realistic.

1078

00:34:59,280 —> 00:35:00,930

Costumes got less structured.

1079

00:35:00,930 —> 00:35:02,640

Geometric patterns or dots or whatever

1080

00:35:02,640 —> 00:35:04,980

turned into like florals or pastels.

1081

00:35:04,980 —> 00:35:06,510

Less certain colors.

1082

00:35:06,510 —> 00:35:07,690

Just less certainty, really.

1083

00:35:07,690 —> 00:35:08,910

- Yeah.

- To mirror like

1084

00:35:08,910 —> 00:35:11,490

what that evolution of life would be,

1085

00:35:11,490 —> 00:35:13,597

you know?

- Very subtly, subliminally.

1086

00:35:13,597 —> 00:35:16,560

- Yeah, and by the end I

wanted people to kind of

1087

00:35:16,560 —> 00:35:18,497

weirdly be thinking like, oh,

1088

00:35:18,497 —> 00:35:20,310

I feel like I'm just watching Margot,

1089

00:35:20,310 —> 00:35:21,837

weirdly, as opposed to like-

- Yeah, yeah.

1090

00:35:21,837 —> 00:35:24,600

- The character I thought

I saw at the beginning.

1091

00:35:24,600 —> 00:35:25,433

- [Cillian] Yeah.

1092

00:35:25,433 —> 00:35:26,266

- So I don't know if it had that effect,

1093

00:35:26,266 —> 00:35:28,953

but that's what we were

trying to accomplish.

1094

00:35:30,690 —> 00:35:34,320

And then weirdly I was kind of

1095

00:35:34,320 —> 00:35:36,060

playing my mom a little bit.

1096

00:35:36,060 —> 00:35:38,010

- Really?

- Yeah.

1097

00:35:38,010 —> 00:35:40,830

Because my mom is so pure.

1098

00:35:40,830 —> 00:35:44,070

Like she's so, I don't know.

1099

00:35:44,070 —> 00:35:45,000

Maybe you'll meet her one day.

1100

00:35:45,000 —> 00:35:45,833

It'll make sense.

1101

00:35:45,833 —> 00:35:47,757

But it was funny, one day on set,

1102

00:35:47,757 —> 00:35:49,890

I was like a little bit

conscious that I was doing that,

1103

00:35:49,890 —> 00:35:53,040
but one day on set, my mom was visiting,

1104
00:35:53,040 —> 00:35:54,397
and Greta like turned
to me, and she was like,

1105
00:35:54,397 —> 00:35:57,000
"Oh my God, you're playing
your mom, aren't you?"

1106
00:35:57,000 —> 00:35:58,920
And I was like, "Yeah,
like a little bit, yeah."

1107
00:35:58,920 —> 00:36:00,750
- And what does she think of the movie?

1108
00:36:00,750 —> 00:36:02,643
- She loved it, yeah.

1109
00:36:03,510 —> 00:36:04,680
Do you know what though, afterwards,

1110

00:36:04,680 —> 00:36:07,537

I was like, "Mom, did you like that?

1111

00:36:07,537 —> 00:36:11,017

"Did you like that line where Ruth says,

1112

00:36:11,017 —> 00:36:12,337

"'Us mothers stand still

1113

00:36:12,337 —> 00:36:15,652

"'so that our daughters can

see how far they've gone.'"

1114

00:36:15,652 —> 00:36:16,485

- Uh-huh.

1115

00:36:16,485 —> 00:36:17,640

- I was like, "Did that make you cry?"

1116

00:36:17,640 —> 00:36:18,993

And she was like, "No."

1117

00:36:18,993 —> 00:36:21,540

(Cillian laughing)

And I was like, "Oh really?"

1118

00:36:21,540 —> 00:36:22,373

She was like, "I thought it was

1119

00:36:22,373 —> 00:36:23,460

"a very well written line, though."

1120

00:36:23,460 —> 00:36:24,812

I was like-

(Cillian laughing)

1121

00:36:24,812 —> 00:36:27,330

Oh, I'm so angry that didn't make you...

1122

00:36:27,330 —> 00:36:29,670

What did your parents

think of Oppenheimer?

1123

00:36:29,670 —> 00:36:30,503
- Oh.

1124
00:36:30,503 —> 00:36:31,336
- Do they like praise you

1125
00:36:31,336 —> 00:36:32,520
or try to keep you down to earth,

1126
00:36:32,520 —> 00:36:34,230
and like do that thing
that your family does

1127
00:36:34,230 —> 00:36:37,314
where they're like keeping
your feet on the ground?

1128
00:36:37,314 —> 00:36:42,314
- They are very proud, yeah, by it all.

1129
00:36:43,890 —> 00:36:45,930
I really wanted them to see it, you know,

1130

00:36:45,930 —> 00:36:49,770

like with an audience in the cinema.

1131

00:36:49,770 —> 00:36:51,663

I think they saw it in Paris, and,

1132

00:36:53,730 —> 00:36:55,950

yeah, they were a little, it's a little,

1133

00:36:55,950 —> 00:36:57,290

the movie's a little

overwhelming, you know?

1134

00:36:57,290 —> 00:36:59,760

- Do you know how I saw it?

- No.

1135

00:36:59,760 —> 00:37:03,000

- I was in a cinema, and it

was a really hot day in London,

1136

00:37:03,000 —> 00:37:04,620

and the AC stopped working.

1137

00:37:04,620 —> 00:37:06,467

- Oh no.

- (laughing) So-

1138

00:37:06,467 —> 00:37:07,680

- Oh no,

- It was actually,

1139

00:37:07,680 —> 00:37:09,354

it was almost like we're

having a 4D experience.

1140

00:37:09,354 —> 00:37:10,973

- (laughing) It was

like Chris designed it.

1141

00:37:10,973 —> 00:37:12,330

- 'Cause it was like literally like

1142

00:37:12,330 —> 00:37:15,060

getting hotter and hotter,

and they're building the bomb.

1143

00:37:15,060 —> 00:37:16,560

And by the time the bomb was going off,

1144

00:37:16,560 —> 00:37:18,900

I was like literally dripping with sweat

1145

00:37:18,900 —> 00:37:20,220

with everyone else in here.

1146

00:37:20,220 —> 00:37:21,780

It was so hot.

1147

00:37:21,780 —> 00:37:23,940

And it-

- Oh, that's excellent.

1148

00:37:23,940 —> 00:37:26,400

- I'm so proud.

1149

00:37:26,400 —> 00:37:28,413

So proud of what you have accomplished.

1150

00:37:31,920 —> 00:37:33,450

- We should talk about the costumes.

1151

00:37:33,450 —> 00:37:34,410

- Costumes.

1152

00:37:34,410 —> 00:37:37,257

- So you're clearly still

not sick of pink, then?

1153

00:37:37,257 —> 00:37:39,084

(Cillian laughing)

- No, I'm not.

1154

00:37:39,084 —> 00:37:40,860

- Never.

- I'm not done with pink yet.

1155

00:37:40,860 —> 00:37:43,290

Yeah, the costumes were,

1156

00:37:43,290 —> 00:37:44,487

I mean, pink, it's,

1157

00:37:44,487 —> 00:37:47,880

you just can't have a Barbie movie

1158

00:37:47,880 —> 00:37:50,040

without the color pink.

- Obviously.

1159

00:37:50,040 —> 00:37:51,810

- And everyone really

got on board with that.

1160

00:37:51,810 —> 00:37:55,890

Like, I'd make a, on

Wednesdays We Wear Pink day.

1161

00:37:55,890 —> 00:37:56,919

- Oh really?

1162

00:37:56,919 —> 00:37:59,190

- Do you know that

reference from "Mean Girls"?

1163

00:37:59,190 —> 00:38:00,210

- I had forgotten that reference.

1164

00:38:00,210 —> 00:38:01,540

- On Wednesdays, they wear pink.

1165

00:38:01,540 —> 00:38:02,550

- Okay.

- And so if you

1166

00:38:02,550 —> 00:38:04,230

didn't wear pink on set, you got a fine.

1167

00:38:04,230 —> 00:38:05,598

And then I'd donate it to charity.

1168

00:38:05,598 —> 00:38:06,431

(Cillian laughing)

1169

00:38:06,431 —> 00:38:08,159
And honestly, people leaned in.

1170
00:38:08,159 —> 00:38:09,990
Like, I was like, "You can wear
pink socks, that's enough."

1171
00:38:09,990 —> 00:38:13,560
And people are like, "Mmm, no,
I'm happy to like, you know."

1172
00:38:13,560 —> 00:38:15,120
It's always like the guys I feel like

1173
00:38:15,120 —> 00:38:16,597
that are like, "Oh, finally.

1174
00:38:16,597 —> 00:38:21,360
"Finally I have permission to
wear pink and get dressed up."

1175
00:38:21,360 —> 00:38:22,560
- Every Wednesday?

1176

00:38:22,560 —> 00:38:24,570

- Every Wednesday.

- How long did you shoot for?

1177

00:38:24,570 —> 00:38:25,827

- Quite a long time.

- Okay.

1178

00:38:25,827 —> 00:38:27,390

- How many days was it in the end?

1179

00:38:27,390 —> 00:38:28,710

- That's a lot of-

- I mean it was at least

1180

00:38:28,710 —> 00:38:29,543

five months or something.

- It's a lot of

1181

00:38:29,543 —> 00:38:32,400

pink additions to-

- I have so much pink

1182

00:38:32,400 —> 00:38:33,390

in my wardrobe now.

- I'm sure you have.

1183

00:38:33,390 —> 00:38:35,040

- I wasn't really a pink girl before,

1184

00:38:35,040 —> 00:38:37,020

but, you know, leaning into it.

1185

00:38:37,020 —> 00:38:40,170

But the costumes were amazing,

and there were so many.

1186

00:38:40,170 —> 00:38:43,170

Like Jacqueline Durran,

Greta had worked with before,

1187

00:38:43,170 —> 00:38:45,690

is extraordinary in her references.

1188

00:38:45,690 —> 00:38:47,190
You know, there was meant
to be a bit of an evolution

1189
00:38:47,190 —> 00:38:48,300
through the decades as well.

1190
00:38:48,300 —> 00:38:51,420
Like starting in the 50s
when Barbie was created,

1191
00:38:51,420 —> 00:38:54,600
and then it kinda morphed
into 60s and 70s, 80s.

1192
00:38:54,600 —> 00:38:55,830
By the time we're on the boardwalk,

1193
00:38:55,830 —> 00:38:57,960
we're wearing like neon,
kinda like 80s, 90s,

1194
00:38:57,960 —> 00:38:59,790

and then gets a bit early noughties,

1195
00:38:59,790 —> 00:39:01,230
and the modern day.

1196
00:39:01,230 —> 00:39:04,440
So yeah, it was really, it
was clever and it was fun,

1197
00:39:04,440 —> 00:39:07,860
and everyone would just squeal
every day we'd get to set

1198
00:39:07,860 —> 00:39:09,330
and see what each other
are wearing and be like,

1199
00:39:09,330 —> 00:39:11,532
"Ah, you look amazing."

1200
00:39:11,532 —> 00:39:12,473
- And you guys-
- And like I said, the guys,

1201

00:39:12,473 —> 00:39:14,250

I think the guys, like our Kens,

1202

00:39:14,250 —> 00:39:15,960

loved it more than anything.

1203

00:39:15,960 —> 00:39:18,530

- They really seemed to

get into it. (laughing)

1204

00:39:18,530 —> 00:39:20,940

- It would get crazier

and crazier until like,

1205

00:39:20,940 —> 00:39:22,987

until Ryan would be like,

"I think I need a mink,

1206

00:39:22,987 —> 00:39:24,120

"and I need a..."

1207

00:39:24,120 —> 00:39:25,680

You know, it would just get insane.

1208

00:39:25,680 —> 00:39:27,300

- But you actually built the sets.

1209

00:39:27,300 —> 00:39:28,710

- Yeah.

- For real, yeah.

1210

00:39:28,710 —> 00:39:31,560

- Yeah, it was incredible.

1211

00:39:31,560 —> 00:39:33,810

We built that whole cul-de-sac.

1212

00:39:33,810 —> 00:39:35,040

The dream houses are like-

1213

00:39:35,040 —> 00:39:37,440

- Yeah.

- Several stories high.

1214

00:39:37,440 —> 00:39:38,610

Everything's like hand painted,

1215

00:39:38,610 —> 00:39:40,590

all the backdrops hand painted.

1216

00:39:40,590 —> 00:39:42,630

We made all of Barbieland in miniature,

1217

00:39:42,630 —> 00:39:43,923

filmed the miniatures.

1218

00:39:44,850 —> 00:39:46,440

Yeah, everything was very tactile.

1219

00:39:46,440 —> 00:39:48,003

And the transportation

sequence, it's all that.

1220

00:39:48,003 —> 00:39:51,540

It's like practical and like a diorama,

1221

00:39:51,540 —> 00:39:52,373

and there's like-

- Wow.

1222

00:39:52,373 —> 00:39:54,570

- You know, literally

people like holding a rod

1223

00:39:54,570 —> 00:39:55,746

with a butterfly-

1224

00:39:55,746 —> 00:39:56,913

- Oh, I love that.

- Dangling off it.

1225

00:39:56,913 —> 00:39:58,740

And, you know, everything was just,

1226

00:39:58,740 —> 00:39:59,970

the handmade quality of it

1227

00:39:59,970 —> 00:40:01,650

was so intrinsic to the movie anyway,

1228
00:40:01,650 —> 00:40:03,120
'cause it's meant to be a toyetic world.

1229
00:40:03,120 —> 00:40:03,953
- Yeah.
- It's meant to be toys,

1230
00:40:03,953 —> 00:40:06,180
you should feel like you could
reach in and grab it all.

1231
00:40:06,180 —> 00:40:08,190
- But it does make a difference, I think.

1232
00:40:08,190 —> 00:40:09,023
- Yeah.
- I mean,

1233
00:40:09,023 —> 00:40:12,867
I don't know if the audience
knows on a kind of a-

1234

00:40:12,867 —> 00:40:14,137

- Yeah.

- A conscious level.

1235

00:40:14,137 —> 00:40:15,750

- Yeah.

- But I really believe

1236

00:40:15,750 —> 00:40:18,930

that they experience on a subliminal level

1237

00:40:18,930 —> 00:40:20,070

that this is-

- I agree.

1238

00:40:20,070 —> 00:40:21,630

- Happening in camera.

1239

00:40:21,630 —> 00:40:24,180

- I agree, and I know Chris Nolan

1240

00:40:24,180 —> 00:40:26,070
definitely lives by
the same rules of like,

1241
00:40:26,070 —> 00:40:27,507
everything is in camera-
- Totally.

1242
00:40:27,507 —> 00:40:28,470
- Everything's practical.

1243
00:40:28,470 —> 00:40:30,840
And I think what CGI can do,

1244
00:40:30,840 —> 00:40:32,790
what VFX can do, is like incredible,

1245
00:40:32,790 —> 00:40:34,500
and as a tool-
- Yeah.

1246
00:40:34,500 —> 00:40:35,670
- To complement-

- Yes.

1247
00:40:35,670 —> 00:40:37,200
- Work it's amazing.

1248
00:40:37,200 —> 00:40:39,150
But when it's relied on too heavily,

1249
00:40:39,150 —> 00:40:43,050
there's something about
that like infinite-

1250
00:40:43,050 —> 00:40:44,010
- Yeah.

1251
00:40:44,010 —> 00:40:46,680
- Quality to like looking at
something that's just like

1252
00:40:46,680 —> 00:40:48,750
could go on forever where you...

1253

00:40:48,750 —> 00:40:50,030

I don't know, I find...

1254

00:40:51,030 —> 00:40:52,260

I get detached.

1255

00:40:52,260 —> 00:40:54,750

I'm kinda like, something in me can sense

1256

00:40:54,750 —> 00:40:57,630

that it's not real, and

so I don't really care.

1257

00:40:57,630 —> 00:40:59,640

I don't really care if that thing explodes

1258

00:40:59,640 —> 00:41:03,120

or that building falls

down, because it's not real.

1259

00:41:03,120 —> 00:41:04,620

Like you just know when it's not real.

1260

00:41:04,620 —> 00:41:05,700

- Yeah, I think we do know.

1261

00:41:05,700 —> 00:41:09,510

I think definitely we're kind

of inure to it at this stage.

1262

00:41:09,510 —> 00:41:12,270

And Oppenheimer, there was no set builds.

1263

00:41:12,270 —> 00:41:13,650

It was all real locations.

1264

00:41:13,650 —> 00:41:16,230

Every single location

was the actual place.

1265

00:41:16,230 —> 00:41:17,820

A lot of it was-

- Oh wow.

1266

00:41:17,820 —> 00:41:20,430

- Like Oppenheimer's house
where we shot in New Mexico

1267
00:41:20,430 —> 00:41:21,930
was actually where he-

1268
00:41:21,930 —> 00:41:22,770
- Really?
- He lived.

1269
00:41:22,770 —> 00:41:24,887
Yeah, with Kitty, so when-
- Oh wow.

1270
00:41:24,887 —> 00:41:27,630
- Myself and Emily were
filming in there, you know-

1271
00:41:27,630 —> 00:41:29,831
- How is Emily?
- She is astonishing-

1272
00:41:29,831 —> 00:41:31,290

- I love her so much.

- In the movie.

1273

00:41:31,290 —> 00:41:34,050

I think there's just like,

she can do anything, Emily.

1274

00:41:34,050 —> 00:41:34,883

It's kind of-

1275

00:41:34,883 —> 00:41:36,360

- I would watch her in anything.

1276

00:41:36,360 —> 00:41:37,193

- I don't need to hear,

1277

00:41:37,193 —> 00:41:38,280

I don't need a log line.

1278

00:41:38,280 —> 00:41:39,180

I don't need a title.

1279

00:41:39,180 —> 00:41:41,040

If I see she's in it, I'm like, I'm in.

1280

00:41:41,040 —> 00:41:41,873

I'm gonna love it.

1281

00:41:41,873 —> 00:41:43,410

She's so charming.

1282

00:41:43,410 —> 00:41:44,243

- Mind blowing.

- Yeah.

1283

00:41:44,243 —> 00:41:46,530

- But yeah, so you shot in New Mexico.

1284

00:41:46,530 —> 00:41:47,550

Where else?

- Yeah, and I think

1285

00:41:47,550 —> 00:41:48,810

you can feel the kind of,

1286

00:41:48,810 —> 00:41:52,680

this sounds kind of like

cliche or hokey or something,

1287

00:41:52,680 —> 00:41:56,550

but I feel like you can feel

the vibrations in the room.

1288

00:41:56,550 —> 00:41:58,350

I feel like they transfer

to the character.

1289

00:41:58,350 —> 00:42:03,030

I feel like we then have a

extra level of connection

1290

00:42:03,030 —> 00:42:05,460

or respect for the environment

or for the characters.

1291

00:42:05,460 —> 00:42:07,320

Particularly if they're

real life characters

1292

00:42:07,320 —> 00:42:09,150

that actually lived there.

- Yeah, yeah.

1293

00:42:09,150 —> 00:42:12,480

- So yeah, and we shot in

Oppenheimer's office in Princeton,

1294

00:42:12,480 —> 00:42:14,430

which was right next to Einstein's office,

1295

00:42:14,430 —> 00:42:15,263

in the real location.

- Wow.

1296

00:42:15,263 —> 00:42:17,550

- And there was many of those instances

1297

00:42:17,550 —> 00:42:21,017

where you feel, you kind of, you know,

1298

00:42:21,017 —> 00:42:22,950
it's goosebumps, you know?

1299
00:42:22,950 —> 00:42:24,750
Like I'm not a superstitious
person or anything like that,

1300
00:42:24,750 —> 00:42:26,194
but I-
- No, you feel the vibes.

1301
00:42:26,194 —> 00:42:27,180
- You feel it.
- Yeah.

1302
00:42:27,180 —> 00:42:28,953
- Chris wanted that.

1303
00:42:28,953 —> 00:42:29,786
- Yeah.
- And for example,

1304
00:42:29,786 —> 00:42:32,562

the last sequence in the movie, you know,

1305
00:42:32,562 —> 00:42:34,508
well they flash backwards
and forwards to it,

1306
00:42:34,508 —> 00:42:36,360
but you know the whole
big hearing at the end

1307
00:42:36,360 —> 00:42:37,860
that was in this horrible,

1308
00:42:37,860 —> 00:42:41,280
shitty little bureaucratic tiny room

1309
00:42:41,280 —> 00:42:44,640
somewhere outside of LA, and we were all,

1310
00:42:44,640 —> 00:42:45,660
and it was really hot,

1311

00:42:45,660 —> 00:42:48,150
and we were all of us
stuffed at this room.

1312
00:42:48,150 —> 00:42:50,042
With this huge IMAX camera.

1313
00:42:50,042 —> 00:42:51,780
You know, we could have easily
built that in a big stage

1314
00:42:51,780 —> 00:42:53,460
and pulled away the walls,

1315
00:42:53,460 —> 00:42:56,040
but Chris wanted it to
feel like claustrophobic.

1316
00:42:56,040 —> 00:42:57,040
- Yeah.
- You know,

1317
00:42:58,110 —> 00:43:00,630

sort of awful feeling

1318
00:43:00,630 —> 00:43:02,070
that you would've had
in one of those rooms.

1319
00:43:02,070 —> 00:43:05,310
And they deliberately wanted
to put him in a room like that

1320
00:43:05,310 —> 00:43:07,260
to make him feel like he was worthless

1321
00:43:07,260 —> 00:43:09,780
and that it was kind of
meaningless and to demean him.

1322
00:43:09,780 —> 00:43:12,153
- Wow.
- And it worked.

1323
00:43:13,080 —> 00:43:14,580
- Can I ask something off topic?

1324

00:43:14,580 —> 00:43:17,013

- Sure.

- In my opinion,

1325

00:43:18,420 —> 00:43:21,000

there are two kinds of

people in this world.

1326

00:43:21,000 —> 00:43:23,691

There are the people who are

obsessed with "Peaky Blinders."

1327

00:43:23,691 —> 00:43:24,524

(Cillian laughing)

1328

00:43:24,524 —> 00:43:25,357

And then there's the people

1329

00:43:25,357 —> 00:43:26,310

who haven't seen "Peaky Blinders."

1330

00:43:26,310 —> 00:43:27,480
- Right.

1331
00:43:27,480 —> 00:43:29,987
- I obviously sit in the first category.

1332
00:43:29,987 —> 00:43:30,820
(Cillian laughing)

1333
00:43:30,820 —> 00:43:33,789
So can we please talk
about Tommy fuckin' Shelby

1334
00:43:33,789 —> 00:43:35,190
for just like one minute?
(Cillian laughing)

1335
00:43:35,190 —> 00:43:38,133
- Sure, if you like, yeah.
- What was it like?

1336
00:43:39,060 —> 00:43:40,260
- Oh-

1337

00:43:40,260 —> 00:43:42,660

- I mean that was years

and years of your life.

1338

00:43:42,660 —> 00:43:45,093

- Yeah, it's like 10.

1339

00:43:45,093 —> 00:43:48,000

That was also 10-year adventure.

1340

00:43:48,000 —> 00:43:51,390

We sh started shooting at the end of 2012.

1341

00:43:51,390 —> 00:43:53,110

- That's so crazy.

1342

00:43:53,110 —> 00:43:55,050

- Yeah.

- I love the song that plays

1343

00:43:55,050 —> 00:43:57,570

at the very end of the last season.

1344

00:43:57,570 —> 00:43:59,103

- Oh yeah.

- "All the Tired Horses."

1345

00:43:59,103 —> 00:43:59,936

- Yeah, Lisa O'Neill.

1346

00:43:59,936 —> 00:44:02,220

- I love that song so much.

- Yeah.

1347

00:44:02,220 —> 00:44:03,510

- It's on my cry playlist.

1348

00:44:03,510 —> 00:44:05,491

Like if I need to cry on set.

- Yeah. (laughing)

1349

00:44:05,491 —> 00:44:07,650

It was a Dylan song, and

she took it and just like-

1350

00:44:07,650 —> 00:44:09,720

- It's so good.

- Yeah.

1351

00:44:09,720 —> 00:44:10,860

- Love it.

- She's special.

1352

00:44:10,860 —> 00:44:13,710

- Is there gonna be a spinoff movie?

1353

00:44:13,710 —> 00:44:16,884

- I mean, I'm open to the idea.

1354

00:44:16,884 —> 00:44:17,730

- Really?

You know, I've always

1355

00:44:17,730 —> 00:44:20,370

thought that if there's

more story to tell-

1356

00:44:20,370 —> 00:44:22,050

- Of course there's no story to tell.

1357

00:44:22,050 —> 00:44:24,022

- Well, we'll see, I mean-

- You rode off on a horse.

1358

00:44:24,022 —> 00:44:25,860

Like what now?

(Cillian laughing)

1359

00:44:25,860 —> 00:44:27,990

- Who knows, I guess-

- Please do it, please.

1360

00:44:27,990 —> 00:44:29,940

- Well that's very kind of you to say.

1361

00:44:29,940 —> 00:44:32,880

I mean, I'm totally open to the idea,

1362

00:44:32,880 —> 00:44:37,020

but, you know, I also do think

it was a kind of perfect-

1363

00:44:37,020 —> 00:44:39,293

- I know.

- Six seasons.

1364

00:44:39,293 —> 00:44:40,710

- I know.

- And we managed-

1365

00:44:40,710 —> 00:44:41,707

- You don't wanna wreck it.

1366

00:44:41,707 —> 00:44:43,710

- Well it's kind of sometimes hard

1367

00:44:43,710 —> 00:44:46,080

to kinda move into the film format,

1368

00:44:46,080 —> 00:44:47,603

and I do like the ambiguity of the ending.

1369

00:44:47,603 —> 00:44:49,140

- I know.

- But I'm always open

1370

00:44:49,140 —> 00:44:50,310

to like a great script.

1371

00:44:50,310 —> 00:44:51,150

You know, who wouldn't be?

1372

00:44:51,150 —> 00:44:53,394

Who wouldn't be?

- It's so good.

1373

00:44:53,394 —> 00:44:54,227

- Oh, thanks-

- Do people just

1374

00:44:54,227 —> 00:44:55,800

come up to you all the time.

1375

00:44:55,800 —> 00:44:57,000

- A lot, yeah, a lot.

1376

00:44:57,000 —> 00:44:58,623

- And say "Tommy Fuckin' Shelby."

1377

00:44:58,623 —> 00:45:00,900

- They do, yeah, yeah.

1378

00:45:00,900 —> 00:45:02,960

- And have you lost a lung

smoking all those cigarettes?

1379

00:45:02,960 —> 00:45:03,930

- It wasn't great.

1380

00:45:03,930 —> 00:45:05,271

But then of course I did Oppenheimer,

1381

00:45:05,271 —> 00:45:06,104

and it's like a pipe

1382

00:45:06,104 —> 00:45:06,990

and fags-

- I literally thought

1383

00:45:06,990 —> 00:45:07,823

that I was watching it.

1384

00:45:07,823 —> 00:45:09,900

I was like, we need to

get him to a doctor.

1385

00:45:09,900 —> 00:45:10,800

- Yeah.

- He's smokin'.

1386

00:45:10,800 —> 00:45:12,660

He's smoked so many cigarettes

1387

00:45:12,660 —> 00:45:14,199

on screen.

- The thing about those-

1388

00:45:14,199 —> 00:45:15,243

- The herbals.

1389

00:45:15,243 —> 00:45:18,150

- Now they have a warning

on the herbals as well.

1390

00:45:18,150 —> 00:45:20,580

- Do they?

- Yeah, so you can't win.

1391

00:45:20,580 —> 00:45:21,810

- Shit.

- You know?

1392

00:45:21,810 —> 00:45:24,240

So if people shout at me, "Tommy Shelby,"

1393

00:45:24,240 —> 00:45:26,473

is it inevitable that people...

1394

00:45:26,473 —> 00:45:27,960

I would imagine they shout at you,

1395

00:45:27,960 —> 00:45:30,150
but they might go, "Hey
Barbie," or whatever.

1396
00:45:30,150 —> 00:45:31,290
Is that what happens?

1397
00:45:31,290 —> 00:45:33,061
- A lot of "Hi, Barbies."
Yeah.

1398
00:45:33,061 —> 00:45:34,467
- A lot of, yeah.

1399
00:45:34,467 —> 00:45:37,230
It's funny 'cause the waving thing

1400
00:45:37,230 —> 00:45:39,420
wasn't that big of a thing,

1401
00:45:39,420 —> 00:45:41,010
and then on set it just got bigger

1402

00:45:41,010 —> 00:45:41,870

and more ridiculous-

- Okay-

1403

00:45:41,870 —> 00:45:45,660

- To the point where it was

like the waving was like so...

1404

00:45:45,660 —> 00:45:48,450

Something about Barbie, like

she needs to be so earnest

1405

00:45:48,450 —> 00:45:49,830

that she's almost a dork.

1406

00:45:49,830 —> 00:45:51,330

And she's like, but you're kinda like,

1407

00:45:51,330 —> 00:45:52,830

aww, but I still like you.

1408

00:45:52,830 —> 00:45:53,663

- Yeah.

- And somehow

1409

00:45:53,663 —> 00:45:55,440

waving really, like-

(Cillian laughing)

1410

00:45:55,440 —> 00:45:57,690

Really just, really

should just sum that up.

1411

00:45:57,690 —> 00:46:00,240

And so we just kept doing it and doing it.

1412

00:46:00,240 —> 00:46:02,370

And then Greta really

made a meal out of the

1413

00:46:02,370 —> 00:46:03,990

Hi Barbie, Hi Barbie, Hi Ken, Hi Ken, hi,

1414

00:46:03,990 —> 00:46:05,190

you know that whole bit.

1415

00:46:05,190 —> 00:46:06,023

And then, Hi, Alan.

1416

00:46:06,023 —> 00:46:10,200

And yeah, now people on the

street say, "Hi Barbie" a lot.

1417

00:46:10,200 —> 00:46:11,190

- Probably-

- I like it.

1418

00:46:11,190 —> 00:46:13,590

I'd rather people be shouting

that at me than other things.

1419

00:46:13,590 —> 00:46:15,450

- This is true.

- I'll take it.

1420

00:46:15,450 —> 00:46:16,320

- [Cillian] For the rest of your life.

1421

00:46:16,320 —> 00:46:17,250

- For the rest of my life.

1422

00:46:17,250 —> 00:46:19,743

And tell me, speaking of that,

1423

00:46:21,480 —> 00:46:24,030

do you feel like there's

a sequel in the works?

1424

00:46:24,030 —> 00:46:25,650

If you're asking me about a Peaky movie-

1425

00:46:25,650 —> 00:46:26,483

- You're allowed to ask that.

1426

00:46:26,483 —> 00:46:28,173

'Cause I did ask you the thing.

1427

00:46:31,680 —> 00:46:34,710

Same thing that you, I'm

like, we put everything

1428

00:46:34,710 —> 00:46:35,607

into that movie-

- Yeah.

1429

00:46:35,607 —> 00:46:37,950

- And it's so good.

- Yeah.

1430

00:46:37,950 —> 00:46:40,050

- That I'm like, oh no.

1431

00:46:40,050 —> 00:46:42,700

And I was also so proud of the fact

1432

00:46:44,190 —> 00:46:46,884

that it wasn't like an, sorry,

1433

00:46:46,884 —> 00:46:47,981

that it was an original.

1434

00:46:47,981 —> 00:46:48,814

It wasn't a sequel-

- Yeah.

1435

00:46:48,814 —> 00:46:50,700

- Or a prequel or a remake,

1436

00:46:50,700 —> 00:46:53,370

which is getting rarer

and rarer these days.

1437

00:46:53,370 —> 00:46:54,990

And your movie, too, is original.

1438

00:46:54,990 —> 00:46:56,520

And that's amazing that we both got

1439

00:46:56,520 —> 00:46:59,310

these big theatrical

opportunities for original ideas.

1440

00:46:59,310 —> 00:47:00,143

- Yeah.

1441

00:47:00,143 —> 00:47:01,920

- That part of me almost, I'm like, oh no,

1442

00:47:01,920 —> 00:47:04,020

if we do a "Barbie 2" then we just...

1443

00:47:04,020 —> 00:47:04,853

I don't know.

- Yeah.

1444

00:47:04,853 —> 00:47:07,230

- But at the same time I would do anything

1445

00:47:07,230 —> 00:47:08,063

to be back on the set.

1446

00:47:08,063 —> 00:47:09,300

- Yeah.

- And I'd do anything

1447

00:47:09,300 —> 00:47:10,560

to be on set with Greta again

1448

00:47:10,560 —> 00:47:13,020

and Ryan again and playing Barbie again.

1449

00:47:13,020 —> 00:47:14,790

Like playing Barbie is the best.

1450

00:47:14,790 —> 00:47:17,040

It's just so joyful.

1451

00:47:17,040 —> 00:47:19,800

So, again, if it was-

- So, you're not saying-

1452

00:47:19,800 —> 00:47:21,437

- So it's not no.

1453

00:47:21,437 —> 00:47:22,270

- Yeah.

- Not, no.

1454

00:47:22,270 —> 00:47:23,103

- Yeah.

- But also,

1455

00:47:23,103 —> 00:47:25,740

it would take a lot for it to be a...

1456

00:47:25,740 —> 00:47:26,610

- Yeah, to live up to

1457

00:47:26,610 —> 00:47:28,256

what you guys did, yeah.

- Yeah, to live up to it.

1458

00:47:28,256 —> 00:47:29,089

Yeah.

- Yeah.

1459

00:47:29,089 —> 00:47:30,330

- Hi, Barbie.

- Hi, Barbie.

1460

00:47:30,330 —> 00:47:31,470

- Hi, Barbie.

- Hi, Barbie.

1461

00:47:31,470 —> 00:47:32,670

- Hi, Barbie.

- Hi, Barbie.

1462

00:47:32,670 —> 00:47:33,929

- Hi, Ken.

- Hi, Barbie.

1463

00:47:33,929 —> 00:47:35,850

- Hi, Ken.

- Hi, Barbie.

1464

00:47:35,850 —> 00:47:39,450

- Obviously I've now revealed

that I am a big fan of yours,

1465

00:47:39,450 —> 00:47:40,500

not just "Peaky Blinders."

1466

00:47:40,500 —> 00:47:43,358

I also love your sleep

story on the Calm app.

1467

00:47:43,358 —> 00:47:44,343

- Oh, thank you.

1468

00:47:45,210 —> 00:47:46,680

- Just everything you've done, really.

1469

00:47:46,680 —> 00:47:48,060

- Well, likewise.

1470

00:47:48,060 —> 00:47:49,890

- I mean, it is crazy that after all this,

1471

00:47:49,890 —> 00:47:52,680

this is literally the first

time I'm ever meeting you, so.

1472

00:47:52,680 —> 00:47:53,670

- Yeah, likewise.

1473

00:47:53,670 —> 00:47:55,920

- It's been nice-

- Very formal setting.

1474

00:47:55,920 —> 00:47:57,480

- I know, I know.

(Cillian laughing)

1475

00:47:57,480 —> 00:47:59,190

- Well, nice to chat to you, Margot.

1476

00:47:59,190 —> 00:48:00,540

- Hopefully not for the last time.

1477

00:48:00,540 —> 00:48:02,034

- Exactly, exactly.

1478

00:48:02,034 —> 00:48:05,284

(upbeat relaxed music)

1479

00:48:12,457 —> 00:48:15,707

(upbeat relaxed music)
